

WASHINGTON'S COMMUNITY AND TECHNICAL COLLEGES

YOUR PICK

34 Colleges, Made for You

With campuses across the state and user-friendly online classes, find the certification, training, and support you need no matter where you are.

80+ Programs, Hundreds of Possibilities

We know exactly what employers want... because we work with them every day. From accounting to computer programming and fisheries science (and so much more!), we help hundreds of thousands of students like you secure bright futures and new beginnings every year.

Exceptional Options

Get the training you need to launch your in-demand dream job. From industry-standard certificates to apprenticeship programs where you can earn while you learn, advance your new career, stat.

CHOOSE YOUR FUTURE.

There are no wrong choices when it comes to career paths at Washington's community and technical colleges. Whether you need to update your skills or are ready for a fresh start, you'll find the right training, the right support... and the right price.

From expert and caring faculty with decades of industry experience to a flexible and friendly environment, at Washington's community and technical colleges, everyone is welcome.

It's easier than you think to get started. Take the future into your own hands at a college that understands where you've been — and knows where you want to go.

OPEN THE DOOR

From Unemployed to Unstoppable

If you're out of a job, our Worker Retraining Program can get you back on your feet. Those receiving unemployment could be eligible for free or low-cost tuition — plus job search assistance and other benefits.

Opportunity Knocks with a Generous Grant

Additional financial aid (that you don't have to pay back!) is available to help you gear up for a new career. The Opportunity Grant helps low-income students complete up to one year of college and a certificate in a high-wage, high-demand career. Get help with tuition, fees, and books. Plus, you could be eligible for emergency childcare, working with an industry mentor, and more.

From Food Assistance to Job Security

If you're receiving food assistance, you may be eligible for a unique training opportunity to land a better-paying job. The Basic Food Employment and Training (BFET) program offers tuition assistance, career counseling, childcare support, job search help, and so much more.

The Choice is Yours

At Washington's community and technical colleges, education is an open door to bigger and better opportunities. Visit [\[link to landing page here\]](#) to explore your new future in detail!
