# **IPEDS Finance SURVEY**

### IPEDS FIN PeopleSoft Data Verification and Submission Process

The process of submitting Finance survey data to IPEDS for PeopleSoft colleges is like the process in Legacy. In Legacy, colleges received a preliminary report from SBCTC to aid in filling out the IPEDS survey. Once the colleges validated and adjusted the data, the college would fill out the survey in the IPEDS system. There was very little interaction with the State Board Data Services team for this survey.

Two options exist for completing the IPEDS Finance surveys -

- If financial statements have been completed (submitted for audit but not necessary to have the audit opinion issued prior to IPEDS completion) then SBCTC distributes an excel workbook for completing IPEDS starting from the financial statement workbook.
- 2. Use the IPEDS nVision reports as detailed below.

In PeopleSoft, the Finance IPEDS data is available to the colleges through nVision reports in Finance ctcLink and a retirement query in Finance ctcLink.

### **Finance IPEDS Reports**

#### Audience: Colleges

There are nVision reports by Fiscal Year beginning in FY2020 that provide the IPEDS Financial Reports Part A – Part C1. These reports are secure to specific users at the local Finance College office. Data downloads to an Excel spreadsheet that mirrors the Finance IPEDS report for that reporting section. The rows expand and collapse to show Chart field details to the Account, Fund, and Class, while the column expands to include the Operating Unit.

Detailed instructions for running the nVision reports can be found on the SBCTC's Accounting and Business Services webpage under the

"Accounting" section. Lori Carambot, Assoc. Dir. of Accounting , is the contact person and administrator of these reports.

These 4 reports are used to answer all parts of the IPEDS Finance Survey. The report name is a combination of the Part and the Fiscal Year, example for IPEDS Fiscal Year 2021:

A\_FY21 B\_FY21

C1\_FY21\*

\*Has a supporting query in HCM, details in nVision report: QFS\_HR\_ACCTG\_IPEDS\_RETIRE C2\_FY21. Colleges need to move the DRS contributions made during the year to line 14 from each functional expense category.

From IPEDS Part C-1 Instructions: "As a result of the implementation of GASB Statement No. 68 and 75, "Accounting and Financial Reporting for Pensions" and "Accounting and Financial Reporting for Postemployment Benefits Other than Pensions (OPEB)," public institutions with defined pension and other postemployment benefit plans will be required to report an actuarially based pension and OPEB liability and related expenses and deferrals in their GPFS. The pension and OPEB expense that is recognized by GASB 68 and 75, as reported on the GPFS, should be allocated to Line 14-Other Functional Expenses and Deductions. Do not allocate these expenses across the functions."

The reports are secure to designated local finance users.

Criteria

IPEDS Survey

Each report has a Sheet1, Criteria and IPEDS Survey worksheet.

Sheet1 has the data and follows the outline of the IPEDS Survey line by line.
