Budget Categories

The following list identifies eligible expenses for the General activity (also known as a budget line

or line item). Expenses are broken out by category (also known as a budget column) as follows.

Goods and Services

Items with an individual acquisition cost less than \$5,000 or a useful life of less than one year or services of a routine nature necessary to carry out grant activities.

Any laptops purchased with these funds for use by students in correctional facilities must be the laptops specified in [Appendix A](#).

Examples. textbooks, instructional materials and tools, copying, postage, fax, telephone, printing

Travel

Expenditures for transportation, meals, hotel, and other expenses associated with traveling related to allowable grant activities. Reimbursement for travel costs must be within OFM travel rates and regulations which can be found in the State Administrative and Accounting Manual ([SAAM](#)), [Chapter 10.90](#). Please note, when the grant recipient (the college) reimburses travel under this grant using state funds, the same OFM travel rates and regulations must be applied.

Examples. travel to related meetings, travel to trainings and professional development, faculty and staff travel from campus to/from correctional education site

Contracts

Professional or technical services provided by a consultant (contractor) to accomplish a specific study, project, task, or other work statement. Please note that the rules that apply to the grantee (the college) under this grant must also be applied to the contractor.

Note: *Interagency agreements (contracts between two or more public entities) are considered services and should be budgeted and invoiced in the “goods and services” category.*

Capital Assets

Capital asset is defined as property or equipment with a useful life in excess of one (1) year and a per unit acquisition cost of \$5,000 or more.

Indirect/Facilities and Administration (F&A)

Grant recipients may claim up to 11.74% of non-state funds in the grant for indirect/F&A. SBCTC calculates the maximum indirect/F&A amounts and provides them to grant recipients in the grant resources section of the Online Budget and Invoicing System ([OBIS](#)). **See note on invoicing for indirect/F&A below.**

Budget Revisions

SBCTC approval of a revised budget is required if there is more than a 10% variation in expenditure levels for any individual budget cell.

Budget revisions must be submitted to SBCTC via the Online Budget & Invoicing System ([OBIS](#)).

Final budget revision deadline: June 15, 2025

See the OBIS user manual (available in the Resources section of OBIS) for information on how to

create and submit a budget revision. Be sure to update budget narrative answers as applicable.

Invoicing

Funds for this grant must be claimed on a reimbursement basis. No payments in advance of or in anticipation of goods or services provided under this grant shall be requested or paid. All costs must be reported for the period incurred.

Reimbursement requests must be submitted at least quarterly, but not more than monthly via [OBIS](#). All costs must be submitted for reimbursement in accordance with the schedule shown below.

For expenses incurred	Invoice no later than
July – September	October 31, 2024
October – December	January 31, 2025
January – March	April 30, 2025
April – June	July 15, 2025

Invoicing for Indirect Funds/Facilities and Administration (F&A)

Indirect/F&A funds can only be applied to the non-state funds that make up a portion of Correctional Education grants. As invoices are charged to state funds first, grant recipients may not claim indirect/F&A funds for any unspent funding. To determine the maximum amount of indirect/F&A that may be claimed, use the following formula:

$$(\text{unbilled grant total}) - (\text{unbilled grant total} \div 1.1174) = \text{unbillable indirect}$$

Grant Terms & Information

To ensure compliance with grant requirements and to ensure that financial records support program expenditures, SBCTC staff will schedule on-site and/or virtual visits.

Records Retention

Financial management systems shall reflect accurate, current, and complete disclosure of all cost expenses for grant activities. Grant recipients must maintain books and records, supported by source documentation, that sufficiently and properly reflect the source of funds and all costs expended for program purposes. These records and financial statements are subject to inspection, review, reproduction, and/or audit by SBCTC or its designee for at least six years after the dispersal of funds, the termination or expiration of the contract, or the resolution of litigation or audits related to the program, whichever is latest. Additional information on records retention may be found in Chapter 7 of the [SBCTC Policy Manual](#).

Termination

If the grant is terminated for any reason, all reports and data gathered by grant recipient prior to termination shall at the option of the SBCTC, become the property of the SBCTC. If termination shall occur pursuant to this section, reimbursement to grant recipient shall be made on the basis of work performed prior to the effective date of termination as mutually agreed upon by both parties. Determination of final adjustments, either payments or refunds, shall also be mutually agreed upon by both parties.

Termination for Cause

If for any reason, the grant recipient violates any terms and conditions of the Adult Basic Education program, SBCTC will give the grant recipient notice of such failure or violation. Grant recipient will be given the opportunity to correct the violation or failure within thirty (30) days. If failure or violation is not corrected, this grant may be terminated immediately by written notice from SBCTC.

Savings

In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this contract and prior to normal completion, the SBCTC may terminate the grant under the "Termination" clause, without the thirty-day notice requirement, subject to renegotiation at the SBCTC's discretion under those new funding limitations and conditions.
