Introduction

The Image/Upgrade Overview Document is intended to provide ctcLink users with a summary of the changes that will be made in the system as a result of the upcoming image or PeopleTools upgrade implementation. Oracle releases multiple PeopleSoft updates, called images, for each pillar every year. Each Image contains bug fixes and features that are important for PeopleSoft to work well. PeopleTools upgrades update the underlying framework of the system. There are minimal changes that are noticeable to the end users. Below is an overview of the changes that you can expect to see as part of this upgrade.

2021-2022 COLLEGE FINANCING PLAN UPDATES

Delivered changes required to generate new College Financing Plan HTML pages for Undergraduate and Graduate Streams with new specifications for Aid Year 2022.

Interest Rates and Work Hours tab, the origination fees will only allow you to enter 2 digits after the decimal. So rather than being able to enter 1.057 for the Direct Sub and Unsub origination fees, I have to round to 1.06.

ED has indicated that the hundredths place is sufficient.
