The decision regarding the selection for the open position is not grievable under this Agreement. Transfer applicants may grieve violations of process or civil rights violations through the appropriate regulatory agency.

2.7 Paychecks and Underpayments.

2.7.1 Paychecks. Paychecks will be issued under the appropriate rules of the Office of Financial Management as they currently exist or hereafter may be modified. Specific implementation of such rules shall be reviewed by the Contract Administration Committee. Employees can access check advice information including leave balances in the college web portal.

2.7.2 Underpayments. When errors are made resulting in underpayments to full-time or part-time academic employees, the College shall advance to the employee the amount of the underpayment within seven (7) calendar days of notification to the College Business Office.

2.8 Performance Appraisal

2.8.1 Performance Appraisal. To support continued academic excellence, the College will

periodically evaluate the performance of its academic employees in a fair, reasonable, and equitable manner. All academic employees shall be evaluated in accordance with this article, except for probationary academic employees, who shall be evaluated in accordance with Article IV or, as appropriate, in accordance with Section 2.8.3.

2.8.2 Part-Time. Part-time instructors, including part-time counselors and librarians, will be evaluated using multiple indices of performance as approved by the Contract Administration Committee. Student evaluations will be administered during the first quarter of teaching and at least once annually thereafter.

2.8.3 Continuous Improvement Process for Tenured and Permanent Status Academic Employee.

2.8.3.1 Intent. The continuous improvement process for a tenured academic employee is intended to be a formal process between a tenured academic employee and their administrator. It provides the employee with the opportunity to share their professional experience with their administrator and to understand the administrator's perceptions of their performance.

The purpose of the continuous improvement process is to strengthen the professional skills of the tenured academic employee. It is not to be used as a tool for disciplinary purposes. Should deficiencies in a tenured academic employee's performance become evident, the employee is responsible for remediation of the deficiencies and the College is expected to assist through development opportunities agreed to by both parties.

2.8.3.2 Procedure. Each tenured academic employee will complete an evaluation cycle once every three (3) years. During the three (3) year cycle, the employee will collaborate with their supervisor to plan, implement, and document in a report significant activities undertaken to increase professional learning, growth, and/or accomplishments.

Reports can be compiled in a variety of formats, and employees are encouraged to think creatively about both their pursuit of professional learning and the most effective way to document and present their continuous improvement achievements. Reports should include the yearly planning form (see Appendix E) and should also include:

- (1) Student feedback which may be comprised of student opinion surveys conducted by administration in one class per year for each tenured academic employee or periodic client opinions accumulated over one quarter per year for counselors and librarians.
- (2) A self-evaluation by the employee that includes a reflection on the three yearly

planning forms, and that addresses areas of significant professional growth, learning, or accomplishment.

(3) A written response completed by the supervisor during the third year. The supervisor will schedule an initial meeting with the tenured academic employee during the first year of his or her post-tenure evaluation cycle to review the employee's yearly planning form (see Appendix E). The evaluation cycle will be completed three (3) years after the initial meeting. The process will conclude with a meeting between the supervisor and the employee to discuss the previous three years of professional development, and plans going forward.

2.8.4 Student Evaluation Ratings. When student evaluation scores indicate concern about an academic employee's teaching, counseling, or librarian skills, the division administrator will meet with the academic employee and assist him/her in working out a reasonable improvement plan.

2.8.5 Confidentiality. All evaluation materials and ratings are to be confidential. Any data not sent to the academic employee's personnel file shall be returned to the academic employee or destroyed. Consistent with applicable statutory and legal requirements, procedures shall be established which ensure that only appropriate authorized personnel have access to evaluation data. For the duration of this contract any full-time academic or tenured faculty may request their last performance appraisal report be removed from their personnel file.

2.8.6 Full-Time. Full-time instructors will have student evaluations administered for all classes during the quarter of their choice of each academic year. Full-time counselors and librarians will be evaluated by their supervisor and/or their students during the quarter of their choice each academic year. Additional student evaluations may be administered by the supervisor if necessary to resolve substantive complaints.

2.9 Personnel Files

2.9.1 Personnel Files. The College shall retain only one personnel file for each academic employee, which shall be located in the Human Resources Office. No other personnel file shall be maintained by any officer or administrator of the College. This shall not preclude the maintenance of all lawful payroll records by the Business Office, nor vocational certification records, nor maintenance of appropriate committee records, nor working files for the purpose of performance appraisal or resolution of complaints at another location. Except in extraordinary, emergency situations, no disciplinary action may be taken against an academic employee unless such action is based on relevant materials that have been properly placed in the personnel files.

2.9.2 Notification. Except for routine administrative documents such as employment notices, no information will be placed in an academic employee's personnel file unless copies have been furnished to the employee concerned. Academic employees shall be notified when any documents are placed in the file. For purposes of this section, an employee's receipt of a copy of a document with a copy-to-file notation shall constitute notice to the employee. The academic employee has the right to read all personnel file material and to append to it answers to any charges, complaints or statements involved; and to sign and date the material. Such signing shall not imply agreement with the statements contained in the material.

2.9.3 No Anonymous Materials. Excluding official summaries of student evaluations, no anonymous materials shall be placed in any personnel files.

2.9.4 Right to Review. All academic employees shall have the right to review the entire contents of their personnel file. A Federation representative or the academic employee's attorney may accompany such employee upon their request to review their personnel file. The contents of the personnel file shall be available for photocopying in the presence of an authorized Human Resources employee and the academic employee involved or their designee. Photocopying charges shall be borne by the College.

2.9.5 Restricted Use. Use of an individual personnel file for administrative purposes shall be noted and inserted in the file. Consistent with applicable statutory and legal requirements, only bona fide representatives of the College or employee shall have access to files containing evaluations or other personnel actions. The Employee and Federation shall be notified of requests which go beyond normal administrative requirements.

2.9.6 Disciplinary Material. Disciplinary material shall be removed from the file after six (6) years if there has been no recurrence of the problem or at any time upon mutual agreement between the academic employee and the immediate supervisor, except for applications of last-chance discipline or information related to pending legal action or for which legal action may reasonably be expected to result.

2.10 Disciplinary Action

2.10.1 Disciplinary Action. Discipline will be only for just cause and will be progressive as applied to the specific facts of the case involved. Disciplinary documents and all materials related to discipline will be treated in accordance with Personnel File provisions of this Agreement. The academic employee has the right to Federation representation in any disciplinary proceeding, including the College's investigatory interviews with the employee.

2.11 Complaints.

In any instance where the College receives a substantive complaint about the performance of an academic employee from students, the public, or College personnel, the College is required to notify the affected employee within ten (10) contract days. The College or the employee may request a meeting to discuss the complaint informally and, if possible, resolve it. Such meeting will normally take place during the academic employee's regular schedule.

2.12 Full- and Part-Time Academic Employee Professional Development

2.12.1 Professional Development. Consistent with fiscal and budgetary limitations, the College shall provide opportunities for academic employees to engage in voluntary professional development activities that are informal and separate from performance appraisal. Results or materials from these activities are not to be a part of the formal evaluation or the personnel record unless the academic employees choose to enter them into their personnel record or in accordance with Article VIII advancement.

2.12.2 Faculty Professional Development Coordinators. The College agrees to provide .666 release time for the Faculty Professional Development Coordinators. Those full-time employees contracted on a quarterly basis shall be granted a minimum pro rata amount of funding; however, the Executive Vice President for Instruction may grant up to the full \$2,000 based on the anticipated contracting of that employee. The College and the Federation will consider annually whether additional monies are available. Access and use of the funds shall be according to the following criteria:

 6. A faculty member on professional leave is entitled to the use of their individual allocation during the period of their leave.
- c. All use of funds must be consistent with Office of Financial Management rules for use of state funds.

- e. By the last day of Winter Quarter in the second year of the cycle (biennium), a faculty member must declare their intent to either: (i) use the remainder of the funds that fiscal year or (ii) donate the funds to another faculty member. All faculty members are expected to perform the duties and responsibilities of their academic contract and to comply with the College's rules, regulations, policies and procedures, and state and federal laws. 4.5.6 Modifications to RIF Units.

a. New Programs. If new programs are added during the term of this Agreement, the Contract Administration Committee will determine whether they are to be separate units or combined with existing units.

b. Dividing or Merging Existing Units. If all full-time faculty members in the unit(s) are in agreement with dividing or merging existing unit(s), the Contract Administration Committee may approve the change.

4.5.7 Seniority. Seniority shall be based on the number of years of employment beginning with the first contract day of the initial probationary faculty contract for continuous full time service for Community College District 23 (or formerly District 5 before the creation of District 23). Continuous service shall include leaves of absence, professional leaves, and periods of lay-offs. The longest term of employment as thus established shall be considered the highest level of seniority. In instances where faculty members have the same beginning date of full-time professional service, seniority shall be determined in the following order:

a. First date of signature of a full-time probationary employment contract.

b. First date of application for employment specified on the College application form. In the case of individuals who choose to submit an application form from a prior recruitment, the date on the cover letter or letter of application for the position into which they were appointed will be considered to be the official date of application.

4.5.8 When an employee leaves a faculty position to permanently accept an exempt position with the College, seniority shall continue to accrue for a maximum of three years.

4.5.9 Implementation of Reduction in Force. The President shall decide the number of academic employees to be reduced in each RIF unit. Within each affected RIF unit, the President shall observe the following order of lay-off:

- a. First: Part-time academic employees without assurance of employment
- b. Second: Part-time academic employees with assurance of employment
- c. Third: Part-time academic employees with affiliate or senior associate status
- d. Fourth: Temporary full-time employees
- e. Fifth: Full-time probationary employees in order of least seniority
- f. Sixth: Full-time tenured employees in order of least seniority
- g. The above order and/or application of seniority may be interrupted in the event that strict adherence to it would result in no qualified individual being available to fully perform the duties of the core courses of the program, or strict adherence to it would cause a regression in the progress of the College toward its Affirmative Action goals.

4.5.10 When the Board of Trustees determines that a reduction in force is necessary for the reasons set forth in Section 4.5.1.e., the President shall select the affected employees to be reduced and follow the procedures set out in Section 4.6.1.

4.6 Formal RIF Dismissal Procedure

4.6.1 Formal RIF Dismissal Procedure. After determining that dismissal proceedings should be initiated, the President shall serve written notice of the cause(s) to the affected employee, and provide copies to the Dismissal Review Committee. The notice shall include:

- a. In the case of a reduction in force for the reasons set forth in Section 4.5.1.a.-d., the

notice shall include a statement of the grounds for reduction in force as delineated in Section 4.5.1.a.-d. Such notice shall clearly indicate the separation is not due to job performance of the employee and the basis for selection of the affected employee. The notice must also indicate the anticipated effective date of separation from service.

b. In the case of a reduction in force for reasons set forth in Section 4.5.1.e., the notice shall clearly indicate the separation is not due to job performance of the employee and, in addition, shall indicate the basis for reduction in force as one or both of the reasons set forth in Section 4.5.1.e. The notice must also indicate the anticipated effective date of separation from service.

4.6.2 Request for a Hearing. The affected employee(s) shall have ten (10) contract days from the date of service of the notice of dismissal to make a written request to the President for a hearing. A hearing will be scheduled with at least 10 calendar days of written notice to the affected employee and shall specify the time and place of the hearing.

If the employee fails to respond to the notice of RIF Dismissal within ten (10) contract days, such failure to request a hearing shall constitute acceptance of dismissal and waiver of any rights to a hearing. The decision of an employee not to request a hearing shall be communicated to the Dismissal Review Committee and Board of Trustees.

4.6.3 Composition of Dismissal Review Committee. A five-member Dismissal Review Committee created for the express purpose of hearing dismissal cases shall be established no later than November 30 of any academic year. The members shall include one (1) administrator chosen by the President, one (1) full-time student chosen in a process developed by the student association, three (3) tenured faculty and three (3) alternate tenured faculty members who shall be selected by a vote of the tenured faculty members in a process developed and administered by the Federation. Faculty members and alternates shall serve staggered three-year terms with election of one faculty member and alternate each academic year.

4.6.4 In no case shall a member of the committee sit in judgment of her or his own case, or the case of her or his spouse, in the case of an academic employee in the same lay-off unit as the member, or serve if a conflict of interest exists.

4.6.5 In the event there is a vacancy on the committee, an alternate shall serve the remainder of the term. Whenever necessary, replacement of a faculty member of the committee shall be selected by a process developed and administered by the Federation.

- d. To arrive at its recommendations in conference on the basis of the hearing. As soon as reasonably practicable, but in any event no longer than thirty (30) calendar days after the conclusion of the formal hearing and within seven (7) calendar days in the case of a reduction in force for reasons set forth in Section 4.5.1.e., the written recommendations of the committee will be presented to the President.

4.6.7 Hearing Officer. Upon receipt of a request for a hearing from an affected employee, the President shall notify the Board of Trustees and request that the Board of Trustees appoint an impartial hearing officer. The Federation shall be consulted prior to such appointment.

In the case of a reduction in force for reasons set forth in Section 4.5.1.e. above, at the time of a faculty member's or members' request for a formal hearing, said faculty member or members may ask for participation in the choosing of the hearing officer in the manner provided in RCW 28A.58.455(4), said employee therein being a faculty member for the purposes hereof, and said board of directors therein being the Board of Trustees for purposes hereof: provided, that where there is more than one faculty member affected by the Board of Trustees' reduction in force, such faculty members requesting hearing must act collectively in making such request; provided further, that costs incurred for the services and expenses of such hearing officer shall be shared equally by the College and faculty member or faculty members requesting the hearing.

In the case of reduction in force for reasons set forth in Section 4.5.1.e., the hearing shall be consolidated; only one such hearing for the affected faculty members shall be held and such consolidated hearing shall be concluded within the time frame set forth herein.

n. Taking any other action authorized by rule or regulation of the College.

o. In the case of a reduction in force for reasons set forth in Section 4.5.1.e., the formal hearing (conducted by the hearing officer appointed by the Board of Trustees): (a) shall be concluded by the hearing officer within sixty (60) calendar days after written notice of the reduction in force has been issued; (b) the only issue to be determined shall be whether under the applicable policies, rules or bargaining agreement, the particular faculty member or members advised of severance are the proper ones to be terminated; (c) any findings, conclusions of law, and recommended decision shall not be subject to further Appointment Review Committee action.

4.6.9 Procedural Rights of Affected Employee. An affected employee who has requested a hearing shall be entitled to one (1) formal hearing and shall have the following procedural rights:

a. Board review shall be based on the record of the hearing and on any record made before the Board of Trustees. Recommendations from the committee and the hearing officer will be transmitted to the Board by the President. The President will also send copies of the recommendations to the committee, the hearing officer, and the employee(s)

at the same time.

b. The Board may permit an opportunity for oral or written argument or both by the parties or their representatives and may hold such other proceedings as it deems advisable provided that such proceedings are held according to applicable laws and provisions of the Washington Administrative Code.

c. The final reduction in force decision shall rest with the Board of Trustees after giving reasonable consideration to the recommendations of the Dismissal Review Committee and the hearing officer. The Dismissal Review Committee's recommendations and the findings, conclusions, and recommended decision of the hearing officer shall be advisory only and in no respect binding in fact or law upon the decision maker, the Board of Trustees. The Board of Trustees shall within a reasonable time following the conclusion of its review notify the affected faculty member in writing of its final decision, and, if applicable, the effective date of dismissal.

4.6.11 Effective Date of Reduction in Force. Failure to request a hearing shall cause separation from service on the effective date stated in the notice, regardless of the duration of any individual employment contract. Separation from service after formal hearing shall become effective upon final action with a date specified by the Board of Trustees.

4.6.12 Appeal from Board of Trustees' Decision. Any party shall have the right to appeal the final decision. The filing of appeal shall not stay enforcement of the decision of the Board.

4.7 Recall Rights of RIF'd Academic Employees.

The Contract Administration Committee shall create and maintain Recall Lists for each affected RIF unit within the College. The names of those academic employees shall be placed on the appropriate Recall Lists according to seniority. Recall in each RIF unit shall be in order of seniority; those qualified academic employees at highest levels of seniority will be the first ones considered for recall. The right of recall shall extend three (3) calendar years from the date of actual separation. No new hires shall be permitted to fill academic employee vacancies in the RIF unit unless there are no qualified or available academic employees on the Recall Lists to fill the vacancies. The name of any academic employee refusing a recall offer to a full-time assignment shall be removed from the Recall List, and said academic employee will no longer be considered eligible for recall. It is the responsibility of those academic employees desiring recall to furnish the College with the appropriate addresses to which notices and other pertinent recall information can be sent. Upon recall, academic employees shall retain all benefits such as sick leave, tenure, and salary schedule placement which had accrued up to the date of separation. Notice of recall shall be sent by certified mail.

ARTICLE V: DISMISSAL FOR CAUSE

5.1 Dismissal for Cause of a Tenured, Temporary or Probationary Academic Employee.

Dismissal of tenured faculty and the dismissal of temporary or probationary faculty during the term of their appointments shall be governed by Sections of this Article.

5.2 Sufficient Cause for Dismissal.

For computing sick leave, one hour of sick leave will be taken for every 50 minutes of class missed. Only missed scheduled activities will be submitted as leave. These activities include but are not limited to classes, meetings, advising hours, and office hours.

Leave usage will be deducted first from the compensable account. When that account is exhausted, leave will then be deducted from the non-compensable account.

6.13.3.3 Part-Time Academic Employee Leave Continuation.

Part-time faculty who are on Affiliate or Assurance of Employment status qualify for continuing sick leave usage in the following instance:

- a. He/she becomes seriously ill or injured or otherwise becomes eligible for FMLA prior to the beginning of a new quarter, and
- b. Is unable to begin the new quarter due to the illness, injury or FMLA qualification.

A part-time faculty member who meets the qualifications stated above may utilize accrued sick leave for up to one quarter at the FTEF level specified in affiliate status/assurance of employment notification.

Should he or she remain unable to work in the subsequent quarter, no additional sick leave may be used until the employee returns to contracted employment.

6.13.4 Temporary Full-Time Faculty Returning to Part-Time Employment.

Part-time College academic employees who receive a temporary full-time faculty contract, and who subsequently return to part-time employment may transfer compensable sick leave earned during the temporary full-time assignment, to their part-time **compensable** leave account.

6.13.5 Notification and Use. Any time an employee wishes to use the leave benefit, the employee must notify his or her immediate supervisor as soon as reasonably possible. The supervisor shall notify the personnel officer or designee if the academic employee's leave includes any of the following:

- a. Absence of ten (10) or more days,
- b. Medical certification,
- c. Placement into leave without pay status. Employees may not use paid leave before it has actually accrued. Once accrued leave has been exhausted, the employee will be put on leave without pay.

6.13.6.1 Illness/Injury/Disability Leave. Leave is available in cases of illness, disability or injury to the academic employee or the academic employee's immediate family or household.

- a. For any leave (including leave under FMLA) for illness, disability, or injury which requires absence of ten (10) or more days, the employee may be required to provide documentation from a licensed medical provider of the necessity for the absence. Such medical certification shall include sufficient information to enable the College to determine that the employee is unable to perform the essential functions of their position and include the date on which the condition or treatment began and the probable duration of the condition.
- b. Medical certification must be approved by the personnel officer and shall be maintained as a confidential record separate from the employee's personnel file. If the personnel officer does not approve the medical certification the employee (1) may either re-submit more complete documentation or (2) the College may require, at its expense, that the employee obtain the opinion of a second health care provider designated or approved by the College. In any case where the second opinion differs from the original certification and would render the employee ineligible for the leave, the College and the employee may obtain the opinion of a third health care provider designated or approved jointly by the College and the employee paid for by the College. The third opinion is final and binding.

c. Family and Medical Leave

1. Pursuant to the federal Family and Medical Leave Act of 1993 (FMLA), eligible employees shall be entitled to a total of twelve (12) workweeks of leave during a twelve-month period for one or more of the following:

The first day of the FMLA eligibility leave will start the time period counted toward FMLA coverage.
- (b) The College shall count the academic year specified in the employee's contract, as the twelve-month period for record keeping purposes.
- (c) The College may require medical certification for any leave under FMLA.
- (d) Employees may use either paid or unpaid leave during an FMLA leave. This leave use will be counted toward the mandatory time period granted employees under the FMLA.

- (f) The College will maintain paid medical benefits even if the leave is

leave without pay.

6.13.6.2 In accordance with guidelines of the State Human Rights Commission and applicable law (RCW 49.60; WAC 162-30), leave required by an employee due to disability related to pregnancy and childbirth shall be covered as any other disability under sick leave provisions.

6.13.6.3 Sick leave may be utilized to provide the difference between normal salary and worker's compensation benefits.

6.13.7 Parental and Family Leave. Up to ten (10) days of sick or personal leave may be used by any full-time or part-time academic employee who becomes a parent by birth or adoption. In addition, full-time employees are entitled to at least twelve (12) weeks of unpaid leave for family leave to care for a newborn child, adopted child, or terminally ill child if the employee chooses to exercise this option according to applicable statute.

Pursuant to RCW 41.04.030, following any calendar year in which a minimum of 480 compensable hours of sick leave has been accrued, each eligible employee shall be notified and upon written request will receive remuneration for unused compensable leave accumulated in the previous calendar year at a rate equal to one (1) hour's current monetary compensation of the employee for each four (4) hours of accrued compensable leave in excess of 480 hours. Sick leave for which compensation has been received shall be deducted from accrued sick leave at the rate of four (4) hours for every one (1) hour's pay. Payments for such leave shall not be included for the purpose of computing a retirement allowance under any public retirement system. Payment under this subsection shall be for only those days defined as "compensable."

6.14.2 Retirement Buy Out. At the time of separation from state service due to retirement or death, an eligible employee or the employee's estate shall receive remuneration at a rate equal to one (1) hour's current monetary compensation of the employee for each four (4) hours of compensable accrued sick leave. Sick leave calculations and compensation shall be subject to the following rules:

- a. Accumulated sick leave hours taken will be first deducted from accumulated compensable hours.
- b. Eligibility requirements for retirement buy out of sick leave shall comply with the requirements of the plan in which the employee is enrolled. The employee must meet retirement guidelines before sick leave buy out shall be paid. The provisions of this

subsection are contingent on the continuation of the enabling legislation.

6.14.3 Voluntary Employee Beneficiary Association Plan (VEBA).

a. The College will make contributions to the plan, on behalf of all employees in the academic employee group who are eligible to participate. All eligible employees will be required to sign and submit to the College an enrollment form to be admitted to the plan. b. Contributions on behalf of each eligible employee shall be based on an amount equal to his or her compensable accrued sick leave buyout contribution at retirement in accordance with the statute. For the purpose of retirement contributions to the plan, all employees who retire during the term shall be eligible.

c. The term of this plan is for the tax year from January 1 through December 31. The plan will be continually renewed for each successive year unless the academic employee bargaining unit votes to rescind the plan.

6.15 Civil Duties Leave

Leave to serve as a witness at trials or as a juror is granted to full-time and part-time academic employees, provided they are not plaintiff, defendant, or subject of the investigation. In such a case, the employee shall retain any compensation paid for jury duty service.

6.16 Military Leave

A full-time academic employee is entitled to a maximum of fifteen (15) calendar days of annual leave with pay for active duty in the National Guard, Air National Guard, or military reserve forces of the United States if that duty falls during the academic quarters the academic employee is under contract.

6.17 Shared Leave

Eligibility for and usage of shared leave will conform to College Regulation C 6.3.103.R103.

6.18 Personal Leave

6.18.1 Personal Leave. Personal leave days are not compensable and cannot be carried from one year to the next if not used.

Full-time academic employees who are working under contracts that are less than one academic year in duration are entitled to one (1) personal leave day per quarter up to a maximum of two (2) personal leave days per academic year.

6.18.3 Part-Time Faculty: Employees with Assurance of Employment, or Affiliate Status, or Senior Associate Status are entitled to one (1) personal leave day per quarter up to a maximum of two (2) personal leave days per academic year.

6.18.4 In a medical emergency, academic employees with unused personal leave may choose either personal leave or sick leave.

6.19 Educational Leave

Consistent with financial constraints and normal budgetary procedures, the College encourages attendance by academic employees at state, regional, and national meetings of their professional organizations or at meetings involving their academic or occupational specialties. Expense-paid leaves may be granted academic employees to enable them to visit other colleges to observe methods and techniques in instruction, counseling, or library/media service if such leaves are clearly designed to improve service to College students.

6.20 Professional Leave

6.20.1.1 Professional Leave. Professional leaves are available to full-time tenured and permanent-status academic employees in service to the College and may be granted by the College upon the recommendation of the President. The purpose of a professional leave is to make individuals more effective in their professional service to the College.

6.20.1.2 The length of the professional leave shall be no less than one (1) quarter and no more than three (3) full quarters in any fiscal year.

6.20.1.3 The College shall grant a minimum of 1.666 FTEF professional leave annually, contingent upon funding, to full-time tenured academic employees in programs supported through the SBCTC allocation provided that there are enough applicants who meet the conditions established in this Article. The number of annual professional leaves shall not exceed four percent (4%) of the state-funded FTEF and the aggregate cost of such leaves during any year, including the cost of replacement personnel, shall not exceed one hundred fifty percent (150%) of the cost of salaries which otherwise would have been paid to personnel on leave. Professional leaves for permanent status academic employees are dependent on funding through

the College Foundation or other granting source.

6.20.2 Eligibility. A full-time academic employee may apply for professional leave after completing at least eighteen (18) consecutive probationary and tenure track/permanent-status track full-time quarters, including quarters of approved leave and applicable temporary annual appointment quarters at the College. Summer and 4th Quarters do not contribute to the consecutive quarters. Consistent with Section 6.20.1.3 above, compensation shall be in accordance with Appendix A.8.1.

6.20.3 Compensation and Benefits. It is the intent of the professional leave policy that academic employees should not earn a greater amount of money while on professional leave than would be earned while employed at the College. Applicants who include compensated employment as part of their professional leave proposal must submit the amount of expected compensation with the proposal. It is understood that such compensated employment does not include any compensation which the employee has historically earned from other sources while employed at the College.

An academic employee on professional leave shall earn full credit toward available benefits and seniority.

To the extent authorized by the underwriter, other benefits shall accrue to the academic employees while they are on professional leave as though they were on regular contract.

6.20.4.1 Employee Obligation. Acceptance of a professional leave implies an obligation to return to the College as an academic employee for time equal to the amount of leave. Should a person not return, a refund of the total stipend must be made unless the College approves an exception.

6.20.4.2 Recipients of professional leave will submit written reports concerning their professional leave activities to the Board of Trustees. The Executive Vice President for Instruction will make these reports available to the college.

6.20.5 Professional Leave Committee. The Professional Leave Committee will make recommendations to the President regarding the granting of professional leave. This committee will be composed of six (6) tenured and two (2) permanent-status faculty (one each from IESL and Corrections) and will be administered by the Federation. Academic employees on the committee will serve two-year terms; terms will be staggered to ensure continuity.

6.20.6 Committee/Presidential Procedures. The committee shall hold its first meeting by December 1 and elect a chair. The committee shall call for written applications from eligible academic employees to be received by January 15. In selecting professional leave candidates to

recommend to the President, the committee will base its decisions exclusively upon the criteria given in Section 6.20.8.1 below. The committee shall make a written recommendation of its candidates with supporting documentation to the President no later than February 15. Copies of this written recommendation shall be sent to the appropriate division administrator, the Executive Vice President for Instruction, and the Chief Human Resources Officer. The President shall submit a recommendation to the Board of Trustees as soon after February 15 as practical.

6.20.7 Applicant Procedures. An applicant for professional leave shall submit an application, acknowledged by the division dean, to the chairperson of the Professional Leave Committee by January 15 of the academic year preceding the proposed leave. The applicant shall notify the committee chairperson of any significant change of plans should such a change occur during the selection process or subsequent to it. After recommendations have gone to the President and/or Board, the recommended finalists must notify the President of any change of plans or changes to the application.

6.20.8.1 Criteria for Selection. The Professional Leave Committee shall use two (2) criteria for selection of an academic employee to recommend for a professional leave: the merit of the project and the applicant's current and previous contributions to the College community. In instances where these criteria are equal, seniority as well as past professional leaves taken may be additional determining factors.

6.20.8.2 The committee shall judge written professional leave proposals along with oral interviews for merit of content and make recommendations with a ranked order.

6.20.9 Board of Trustees' Decision. The sole authority to grant professional leave is vested in the Board of Trustees. In addition to the criteria in Section 6.20.8.1 the Board may consider funding in making its determination.

6.20.10 Sabbaticals. Full-time tenured or permanent-status faculty may apply for one (1) fully or partially compensated quarter after seven years of continuous employment. The availability of sabbaticals is dependent on funding for this purpose.

6.21 Conditions for Paid Leave

During the time an employee is on paid leave, the academic employee shall continue to accrue benefits and privileges (e.g., seniority, pension rights, sick leave eligibility) as if remaining on active duty. The College shall also keep in force the academic employee's insurance plans; however, the employee is responsible for his / her portion of premiums. The College agrees to reinstate the academic employee in the employee's former position or an equivalent position at the end of the leave, except for RIF applications affecting the employee's position. Any salary entitlements that would have been earned on active status shall accrue to the academic employee.

6.22 Leave of Absence Without Pay

6.22.1 Leave of Absence Without Pay. In addition to leaves with pay, a full-time academic employee may be granted leave without pay. Reasons for a leave of absence include, but are not limited to, temporary disability; professional opportunities, such as study, research, teaching, travel, or work experience; civic opportunities, such as government service, political office, or military service; extended family care; participation in a leadership role in a professional or labor organization; or exchange leave. Partial leaves without pay may be granted to tenured or permanent-status, full-time academic employees. During such partial leaves, professional responsibilities shall also be appropriately reduced. Employees receiving such leaves will receive their full salary pro rata.

The effect on accrual and use of sick leave, military leave, and personal leave will be as follows:

- a. Employees on partial leave without pay of at least one (1) academic quarter's duration will accrue such leave pro rata for those months on leave. For the purpose of reporting use per Section 6.11.3, the hours per day shall be prorated.
- b. Use of military leave and personal leave per Sections 6.16 and 6.18.1 shall be pro rata.

Academic employees granted pro rata leave will be defined as full-time employees for the following:

- a. Calculations for determining seniority status or performance appraisal cycles.
- b. Eligibility for tuition waiver, consistent with applicable State statutes.
- c. Eligibility for professional leave, consistent with Section 6.20.2.

6.22.2 Applications for Extended Leave Without Pay. All non-medical leave without pay requests of one (1) quarter or more shall be in writing and submitted to the appropriate division dean as soon as possible. The division dean will forward written requests to Human Resources and the Executive Vice President for Instruction for review. All leave without pay requests of one (1) quarter or more, other than those for medical/health reasons, will be forwarded to the President or the designee for approval. Leave without pay requests may be for up to one (1) year at a time. Leave requests for one (1) year should be submitted by April 15.

6.22.3 Conditions for Leave Without Pay. Upon return from a leave without pay, the employee is guaranteed first opportunity for an appropriate equivalent position, except for RIF applications affecting the employee's position. Benefits accrued prior to a leave without pay shall be retained

by the academic employee. An academic employee granted a leave without pay shall have the opportunity of keeping any contributory insurance plans in force, during the leave, by making pre- payments consistent with provisions of the underwriter.

6.23 Tuition Waiver

Contingent upon and consistent with enabling legislation, the College shall allow and provide for authorized tuition and fee waivers for eligible employees of the bargaining unit.

ARTICLE VII: CALENDAR AND WORKLOAD

Academic employees assigned to Corrections Education programs see Appendix B. Academic employees assigned to the Intensive English as a Second Language see Appendix D.

7.1 Contract Length and Calendar Development

7.1.1 Contract Year. An academic year or contract year for a full-time academic employee shall be three (3) instructional quarters or equivalent and an assigned annual contract length consistent with Appendix A.

7.1.2 Part-Time Contract Period. An academic contract length for a part-time academic employee shall normally be one (1) instructional quarter unless as specifically indicated otherwise in the individual contract. The College will offer assurance of employment to at least ten (10) part-time academic employees for one complete academic year.

7.1.3 Instructional Days. Except for summer quarter, there will be a minimum of 50 (+ two) instructional days (or equivalent) per quarter exclusive of examination/evaluation and non-instructional days.

7.1.6 There shall be one (1) day for preparation, grading, advising, or staff development to be incorporated into the scheduled days before the beginning of Fall Quarter classes.

7.2 Calendar Alternatives Including Trade and Advising Days

7.2.1 Calendar Alternatives. By mutual consent with the Executive Vice President for Instruction and after consultation with the appropriate division administrator, full-time academic employees may substitute a Summer assignment equivalent to a customary Fall, Winter, or Spring assignment.

7.2.2 Full-time academic employees may be assigned, upon mutual agreement between the employee and the Executive Vice President for Instruction, professional duties amounting to one (1) full-time annual contract within a twelve-month period. Such assignments shall be presented

to the President. Arrangements shall include a statement of mutual consent and the plan worked out between the employee and the Executive Vice President for Instruction.

7.2.3 Trade Days. Faculty may request that non-contracted days be substituted for regularly-scheduled contracted days to perform College- and class-related work. The faculty and the dean will agree on the work to be done and the contract days to be traded.

7.2.4 Advising Responsibility. Full-time academic employees will be responsible for thirty (30) hours of advising within the academic year which may include hours in Summer Quarter. To support faculty in this effort, the College will provide mandatory annual advising training, which shall be included within a faculty member's annual obligation to provide thirty (30) hours per academic year.

7.3 Professional Work Assignments

7.3.1 Professional Work Assignments. The assignment of equitable, professional loads for all academic employees is the responsibility and authority of the Executive Vice President for Instruction working in conjunction with the appropriate division administrator. All full-time faculty, including full-time temporary and probationers, shall complete and submit an Annual Full- Time Faculty Planning Form (see Appendix E) and meet with their deans to discuss the contents by the end of the fourth week of Fall Quarter each year. Tenured and permanent status faculty shall keep copies of their Planning Forms to include as part of their three (3) year post-tenure report as described in 2.8.

7.3.2 Instructor Professional Assignment. The assignment for an instructor is to provide individual and group instruction to students, evaluate student work, assign grades, and develop appropriate course material. Faculty are expected to use learning technologies, such as, but not limited to, the learning management system in use at the college. Full-time instructors are also expected to participate in student advising, program and curriculum development, department and division responsibilities, appropriate College in- service activities, personal and program evaluation, committee or council assignments, and other professional duties relating to the assignment. Full-time instructors are responsible for arranging their schedules in order to fulfill committee, department, and division responsibilities. Full-time instructors who discover that extra duties within the scope of their professional assignments exceed sixty-five (65) hours per quarter should confer with their Dean about their assignments. Remedies may include redistribution of duties among other members of the department, modifying assignments, reassignment, or special assignment pay.

7.3.3 Counselor Professional Assignment. The assignment for a counselor is to provide individual or group counseling in personal, educational, and vocational decision-making of

counselees. Full-time counselors are also expected to administer and interpret individual and group tests; refer counselees to other sources of help; follow up on referrals; advise students; participate in departmental responsibilities, personal and program evaluation, committee or council assignments, and appropriate College in-service; coordinate and integrate departmental functions with the rest of the College community; and perform other professional duties directly related to the assignment.

7.3.4 Librarian Professional Assignment. Librarians shall provide information literacy instruction and learning resource services to the College community related to their particular area of expertise. This includes classroom instruction, preparation of instructional materials, collection development, and reference services. Full-time librarians are also expected to participate in departmental assignments; personal and program evaluation and assessment; student advising as applicable; committee or council assignments, and appropriate College in-service; coordinate and integrate departmental functions with the rest of the College community; and other professional duties related to the assignment.

7.4 Assignment Calculations

7.4.1 Full-Time Assignment. The assignment for full-time academic employees shall be computed on an annual basis, consistent with Sections 7.5.1 through 7.5.8. It is understood that the activities quantified by the calculations in Sections 7.5.1 through 7.5.8 do not represent the total annual professional assignment of full-time academic employees.

7.4.2 Assignment Band. Each full-time academic employee shall be assigned as close to 1.0 annualized Full-Time Equivalent Faculty (FTEF) as reasonably possible during three (3) normal quarters (including Summer Quarter if that quarter is one of the three). In any case, a full-time assignment shall not be more than 1.022 annualized FTEF or less than .978 FTEF unless a workload adjustment is made in accordance with Section 7.4.5.

7.4.3 Part-Time Assignment. Part-time academic employees shall provide individual and group instruction to students, evaluate student work, assign grades, and develop appropriate course materials. The assignment is computed on a quarterly basis consistent with Sections 7.5.1 through 7.5.8.1-2. It is understood that the activities quantified by these calculations in Sections 7.5.1 through 7.5.8.1-2 do represent that total quarterly professional assignment of the part-time academic employees. Consultation with students will be an expectation of employment for all part-time academic employees. In assigning courses to part-time academic employees the division administrator will place the highest priority on addressing student needs. Selection decisions will take into consideration a variety of factors including:

- a. Instructor's prior service to the college, including length of service, community

outreach and contributions to college goals.

b. Instructor's ability to advance department, division, and institution strategic goals.

c. Qualification to teach the particular course(s) including educational background, experience, professional development and innovations in course delivery and development.

d. Instructor's preferences and availability including course(s), mode of instruction, professional career goals and scheduled day and time.

7.4.4 Assignment Band Provisions. At the time the annual schedule is developed, each full-time instructional academic employee will be assigned a full-time annual instructional assignment. This assignment will be used as the basis to determine the full-time load and eligibility for part-time compensation beyond the annual load in the following manner: any class which is added to the assignment and is not a substitution is compensable at the part-time rate. If the original assignment is beyond the band due to the FTEF factor associated with the program, the employee will be eligible for compensation for the amount that is beyond the band. If a full-time academic employee's class is cancelled, another class will be substituted. If the change occurs Spring Quarter and/or the academic employee does not have a full load and there are no classes available to substitute, the Executive Vice President for Instruction will assign additional duties to compensate for the cancelled class.

7.4.5 Adjusted Assignments. Adjusted assignments may be counted as FTEF load credit upon written approval of the Executive Vice President for Instruction.

7.4.6 Other Reassigned Time or Special Assignment. To address work load issues, the College will provide a minimum of 3.0 FTEF per year reassigned time, equivalent special assignment pay or stipend to full-time and part-time academic employees. A procedure for applying will be mutually agreed to by the College and the Federation.

7.4.7 Stipends. Other work of academic employees beyond contractual duties may, in some circumstances, be compensated by stipend for the work performed rather than paid by the hour. The purpose of compensating by stipends is to enable a larger number of associate faculty to be compensated for participation in a greater number of activities. Under such circumstances, the appropriate administrator may ask for evidence that the work was performed, but no log of hours worked would be deemed necessary. The following stipends are approved beginning the effective date of this contract. Additional stipends may be agreed to by the Contract Administration Committee (CAC). A stipend shall be in lieu of hourly payment and shall constitute full payment for the work performed.

a. For associate faculty invited to attend and/or participate in specified meetings, presentations, committees, outreach events or required trainings with express commitment of compensation for doing so, a stipend shall be paid based on the length of the meeting, presentation, event or training as follows:

i. From 1/2 hours to less than 2 hours \$ 45

ii. From 2 hours to less than 4 hours \$ 70

iii. From 4 hours to less than 6 hours \$ 90

iv. From 6 to 8 hours \$130

b. For full-time faculty invited to attend and/or participate in specified meetings, committees, outreach events or required trainings during breaks in the academic calendar, the schedule shall apply.

7.5 Quarterly FTEF Calculation

7.5.1 Quarterly FTEF Calculation. After consulting the appropriate academic employees and the division administrator, the Executive Vice President for Instruction will assign individual courses to the following categories:

7.5.1.1 A contact hour is defined as 50 minutes.

7.5.2 15-Hour Mode. .066 FTEF for each course credit in classes in which the student receives one (1) credit for one (1) class or activity hour per week or fifteen (15) instructor contact hours per week equals 1.0 quarterly FTEF.

7.5.3 20-Hour Mode. .100 FTEF for each course credit in classes in which the student receives one (1) credit for each two (2) class or activity hours per week or twenty (20) instructor contact hours per week equals 1.0 quarterly FTEF.

7.5.4.1 30-Hour Mode. 0.091 FTEF for each thirty (30) instructor contact hours in classes in which the student receives one (1) credit for each three (3) to five (5) activity hours per week. FTEF shall be based on actual contact hours of the instructor and may vary due to class size, travel time, etc. Thirty (30) instructor contact hours per week equals 1.0 quarterly FTEF.

7.5.4.2 Definition: The 30-hour mode is used for courses where the predominant instructional

mode is student autonomous study or related work activity under the intermittent supervision of the instructor. It includes the student working with or under the direct supervision of professional practitioners. In the case of cooperative work experience, the learning activity is based on a written agreement with the participating training agency.

7.5.4.3 Determination of Instructor Contact Hours.

- a. The Executive Vice President for Instruction or designee assigns the number of instructor contact hours after consultation with full-time faculty in the appropriate program or department.
- b. Total contact hours and FTEF assignment is based on an 11-week or equivalent quarter.
- c. Contact hour requirements of the instructor may vary from program to program based on the following considerations:
 1. Time for setting individualized learning goals with students.
 2. Time for conferences with enrolled students during the quarter, regular or intermittent. (Conferences may be in person or phone contact, depending upon needs of the course.)
 3. Time for contact with work/professional supervisor if appropriate.

7.5.4.4 Exceptions to Using the FTEF Designated in Master Catalog File.

It is expected that most classes assigned to the 30-hour mode will be taught at the assigned FTEF, with the designated class capacity. When a field practicum, internship, or externship class has a low enrollment and is being considered for cancellation, the three options listed below will be considered by the division administrator and the department head, and the most suitable option will be selected for each program. If the class is to be assigned to a part-time academic employee, only the third option is appropriate.

- a. *Average Enrollment Approach.* The instructor agrees to accept enrollment over the class capacity some quarters and under the class capacity other quarters, so long as it averages out over the course of the academic year.
- b. *Mixed Assigned FTEF/Volunteer Option.* In departments where the class is critical but only a few students enroll each quarter, the instructor agrees to get full FTEF for one quarter in Fall, Winter, or Spring and teach the class on a volunteer basis for the other

quarters. The combined enrollment is equivalent to the class capacity for one quarter.

c. *FTEF Calculated on a Per-Student Basis.* To determine the FTEF per student, divide the FTEF assigned to the course by the class minimum assigned to the course in the catalog file. Multiply the number of enrolled students by the FTEF per student calculation.

7.5.4.5 Travel Time. Travel time may be considered as part of instructor contact time where this is appropriate to the needs of the program and course; however, once determined, agreement about the assigned FTEF will conform to the catalog file listing. If the instructor feels that the travel time deserves special consideration for a particular quarter, the department must make a recommendation to the division administrator and the Executive Vice President for Instruction for additional “special assignment” before the quarter begins.

7.5.5 Variable Credit and Individualized Instruction. FTEF equal to .050 per credit times the maximum credits per course per quarter for courses with a lecture or laboratory component. For individualized, self-paced, independent study classes, the instructor load factor will be determined by instructor contact hours at the appropriate mode of instruction.

7.5.6 Counseling and Librarian. Thirty (30) contact hours per week equals 1.00 quarterly FTEF.

7.5.7 Courses Granting Zero Credit. Except for community services courses, courses similar to credit courses but providing no direct student credit, will be evaluated for FTEF according to the same standards as credit courses.

7.5.8.1 Online and Hybrid Courses. A course offered as an online or hybrid course that is the same course as an existing course taught in the traditional modes described in Sections 7.5.1 through 7.5.7, shall be assigned the same FTEF as the traditional course. Enrollment standards for an online or hybrid course shall be consistent with courses taught in a traditional mode of instruction provided that no changes to existing course capacities shall be made without Federation input, consistent with 7.9.3. When an online or hybrid course is taught by a part-time quarterly instructor or a full-time academic employee on a moonlight assignment and the enrollment is below the accepted minimum, the department may offer the instructor the opportunity to continue the course and be paid in accordance with Section 7.5.4.4.c, *FTEF Calculated on a Per-Student Basis.*

7.5.8.2 Online and hybrid courses will be assigned to one of the course load standards set out in Sections 7.5.1 through 7.5.7.

7.6 Maximum Load

The maximum load described herein may be exceeded without additional compensation when requested by the individual academic employee and approved by the appropriate division administrator.

7.7 Assignment Span

Excluding instances required to maintain a full load or by mutual agreement between the employee and the division administrator, full-time instructional academic employees shall be assigned class schedules within a seven (7) hour assignment span.

7.8 Scheduled Assignments

Nothing in this Article shall be construed that academic employees are to be on campus if their professional duties require their presence elsewhere. However, academic employees are expected to perform their scheduled professional responsibilities including, but not limited to, classes, office hours, advising, division and department meetings, and committee assignments.

7.9 Office Hours

7.9.1 Office Hours. Full-time academic employees shall schedule at least five (5) office hours per week at least four (4) of which shall be held on campus. Office hours should be scheduled at times convenient for students. The purpose of office hours for instructors is consulting with, advising, and mentoring students regarding academic concerns. For counselors and librarians the purpose of office hours is for informal student and academic employee consultation. At least four (4) office hours per week shall be on campus unless prior approval has been given by the dean.

7.9.2 If part-time instructors are assigned additional consultation hours by the Executive Vice President for Instruction, they shall be paid at the part-time hourly rate as defined in Appendix A.

7.9.3 Class Capacities. The Administration will consult with the Federation prior to proposing general changes to class capacities across departments or divisions.

ARTICLE VIII: SALARY PLACEMENT AND ADVANCEMENT

8.1 Initial Placement of New Academic Employees.

Newly hired full-time academic employees shall be placed on the faculty salary schedule. The initial placement shall be step G unless the employee has a doctorate degree from an accredited college or university, in which case the initial placement will be one step higher (step H).

8.2 Placement of Returning Administrators.

Administrative experience shall be counted for advancement on the salary schedule with each full year of administrative service at Edmonds Community College counted as equivalent to one (1) year of teaching service up to a maximum of three (3) years.

8.3 Advancement on the Salary Schedule.

Academic employees shall receive advancement on the salary schedule (see Appendix A) with any of the following provisions:

- a. The granting of tenure or permanent status shall be deemed a promotion resulting in a one step advancement within the salary schedule, which shall be effective at the beginning of the next academic year following the granting of tenure or permanent status.
- b. Employees who receive a doctorate degree from an accredited college or university will be recognized with a one step increase within the salary schedule, effective at the beginning of the next academic year following receipt of the degree.
- c. Every second academic year (after tenure/permanent placement) employees will be given a one step increase within the salary schedule.

8.4 Promotional Advancements

8.4 Legislative funding authority provision. All commitments regarding compensation required by this agreement are contingent upon legislative authorization and funding or subsequent modification thereof.

ARTICLE IX: ACADEMIC GOVERNANCE

9.1 Divisions and Transfer

9.1.1 Divisions. Divisions shall serve as administrative units for groups of academic employees. Each academic employee shall be assigned to one of the following divisions by the President.

- a. Health and Human Services
- b. Business
- c. Humanities and Social Sciences
- d. Learning Resources
- e. Science, Technology, Engineering and Mathematics (STEM)
- f. Pre-college Education
- g. Counseling
- h. Corrections Education
- i. Continuing Education
- j. International Education

9.1.2 If the above structure is altered by the College during the duration of this Agreement, the President shall reassign those affected academic employees. Any problems which may arise from the alteration will be referred to the Contract Administration Committee.

9.1.3 When an academic employee is assigned work in more than one division, the affected divisions shall be consulted.

9.1.4 Transfer. No academic employee shall be transferred to correctional institutional programs involuntarily. In the event such a transfer is voluntarily accomplished, the provisions of Appendix B shall be fully applicable, except that previously attained tenure rights shall be retained in accordance with applicable law. It is further understood that transfers to assignments outside of the State of Washington shall be voluntary.

9.2 Departments

9.2.1 Departments. Each distinct program or academic discipline (or groups of related disciplines or programs if there are few course offerings) shall form a department for purposes including but not limited to curriculum development and program planning, certification and accreditation functions, and representation to the community. An academic employee may be a member of more than one department if the work assignment is in more than one department.

9.2.2 Each department shall develop its curriculum, scheduling, staffing, budget, and program recommendation in department meetings and forward them to the division administrator through the department head. The Contract Administration Committee will establish and maintain procedures to ensure appropriate departmental oversight of curriculum, scheduling, and staffing.

9.3 Department Heads Including Reassigned Time

9.3.1 Department Heads. Each department shall elect a department head from the full-time academic employees in the department who shall serve as representative for the department. The term of office shall be for one (1) academic year, beginning Fall Quarter unless a variation is agreed upon by the department and the division administrator. Any academic employee may serve successive terms.

9.3.2 The division administrator shall conduct the election and shall give written notice of the election at least five (5) contract days before the election to all academic employees in the department. Nominations may take place in a meeting or by email. An electronic ballot may be used that is unique to the department if it provides anonymity and the software application has been approved by CAC. The votes shall be counted by classified staff. In the event of a contested election the tally of the number of eligible department Faculty, the number of votes cast, and the number of votes for the winner shall be published.

9.3.3 The election shall take place each year prior to April 30th for the following academic year. Part-time academic employees contracted during Spring Quarter are eligible to vote.

9.3.4 In the event of a vacancy a new election will be held.

9.3.5 In the event the department has no full-time academic employee who will assume the role of department head, a part-time academic employee within the department may be elected. In the event that no academic employee in the department is elected, a full-time or part-time academic employee in the division may be elected by the department. Otherwise, the division administrator will perform department head duties.

9.3.6 The department head shall coordinate the department and represent it to the campus and community and perform other departmental duties as assigned by the division administrator. The department head of a department with two (2) or more full-time academic employees should hold department meetings at least once per quarter, excluding Summer Quarter.

9.3.7 Department Head Reassigned Time. The College shall commit at least 11.469 FTEF annually to support duties and functions of department heads.

Department heads shall be reassigned time from their regular assignments to perform department duties. The FTEF will be paid through a reduction in full-time assignment. By mutual agreement between the College and the Employee, the FTEF can instead be paid by equivalent pay at the part-time rate.

The Table of annual FTEF allocated to each department for Department Head work is located in Appendix E. The amount of reassigned time reflected in Appendix E will remain constant each year unless written notice by the Executive Vice President for Instruction has been given to the department no later than the last day of winter Quarter for each academic year.

The Executive Vice President for Instruction, in consultation with the division administrator, may increase or decrease the amount of reassigned time provided to each Department Head based on substantial changes in the department related to any of the following factors:

- a. Number of full-time and part-time faculty and FTEF
- b. Student headcount and FTES
- c. Number of certificates/degrees
- d. Level of support staff assigned to the unit
- e. Size of departmental materials/supplies budget
- f. Summer Quarter planning
- g. Departmental complexity factors (e.g., unfilled full-time faculty positions, high rate of vulnerable students, compliance with professional approval bodies, etc.)
- h. Elimination or consolidation of a department

Increases or decreases in reassigned time allocated to Department Heads shall be assessed independently. If no full-time or part-time academic employee is available to assume the role of Department Head, the division administrator is required to perform these duties, and the College's commitment of 10.759 total FTEF may be temporarily reduced by the allocated

amount for the department for that academic year.

Additional Department Head reassigned time or special assignment pay, including additional time for current Department Heads, shall be requested through the regular application process.

9.4 College Contract Administration Committee, College Curriculum Committee, and College Academic Standards Committee

9.4 College Contract Administration Committee. Representatives of the Federation and the College will meet on a mutually agreed upon date, place, and time once every month or on an as-needed basis for the purpose of reviewing the administration of this Agreement and attempting to resolve problems that may arise. These meetings are not intended to bypass the grievance procedure and shall not be used to renegotiate the provisions of this Agreement. Both parties may submit agenda items they wish to discuss. Neither party shall have control over the selection of the representation of the other party, provided however, that neither party shall have more than five (5) representatives.

9.5 College Committees

9.5 College Committees. The College shall establish and/or maintain a Curriculum Committee, and Academic Standards Committee, and a Faculty Professional Development Committee.

9.5.1 College Curriculum Committee. The Curriculum Committee shall make recommendations on courses and instructional programs to the Executive Vice President for Instruction.

9.5.2 College Academic Standards Committee. The Academic Standards Committee shall make recommendations regarding new academic procedures or changes in procedures to the Executive Vice President for Instruction in the following areas: grading, all-college credential requirements, academic waivers, and other subjects directly affecting the academic standards of the College.

9.5.3 The following procedures shall apply to the Curriculum Committee and the Academic standards Committee.

a. Each committee shall be chaired by an administrator designated by the President or the designee.

b. The administrative chair will be responsible for calling routine meetings and

distributing minutes to all faculty.

c. Each committee will consist of one (1) academic employee representative from each division, elected by faculty of the division. Elections will be conducted by the division administrator.

d. The Executive Vice President for Instruction may appoint additional committee members from the administration, classified staff, or student body.

9.5.4 Faculty Professional Development Committee. The Faculty Professional Development Committee shall advance student learning and strengthen teaching and assessment by providing professional development opportunities and support for faculty to collaborate, innovate, and adopt pedagogical practices that support student success and active learning.

9.5.5 The following procedures shall apply to the Faculty Professional Development Committee:

a. The committee shall be co-chaired by an administrator designated by the President or his/her designee and the Faculty Professional Development Coordinator(s).

b. The co-chairpersons will be responsible for calling routine meetings and distributing minutes to all full-time faculty.

c. The committee will consist of one (1) academic employee representative from each division, elected by faculty of the division. The committee will also include the Director of eLearning or designee, one (1) representative from the library, and two (2) additional part-time faculty members.

d. The Executive Vice President for Instruction may appoint additional committee members from the administration, classified staff, or student body.

9.5.6 Nothing in Section 9.5 through 9.5.5 of this Article is subject to the grievance provision of this Agreement.

9.6 Faculty Senate and Faculty Senate Council

9.6.1 The Faculty Senate and Faculty Senate Council shall represent the faculty in professional matters, thus providing faculty with an opportunity to discuss and build consensus on professional matters of importance and to share in governance of the College through democratic representation.

9.6.2 The Faculty Senate shall consist of all full-time and part-time faculty. The Faculty Senate Council shall consist of one (1) member from each instructional division, one (1) member from Corrections, one (1) member from the Library, four (4) at-large members, and the Faculty Senate President.

9.6.3 Faculty Senate and Faculty Senate Council. Standing Committees of the Faculty Senate shall include the Associate Faculty Committee.

9.7.1 Grade Change Committee. A Grade Change Committee shall be established solely to be the final arbiter of any request for a grade change that does not have the approval of the instructor of record. The President of the College or designee shall present any such requested grade changes to the committee and provide appropriate supporting material. The committee, at its discretion, can ask for additional information.

9.7.2 Composition. A five-member Grade Change Committee shall be established no later than November 30 of any academic year. The members shall include two (2) administrators chosen by the President and three (3) tenured or permanent faculty members who shall be elected by the faculty. The three (3) tenured or permanent faculty and three (3) alternates shall be elected by a process developed and administered by the Federation. Faculty members and alternates shall serve staggered three-year terms with election of one (1) faculty member and alternate each academic year.

9.7.3 In no case shall a member of the committee sit in judgment of a case in which there is a conflict of interest. In such cases, an alternate representative (an elected faculty member or temporary administrative substitute) shall serve and consider the case in question.

9.7.4 In the event there is a vacancy on the committee, an alternate shall serve the remainder of the term. Whenever necessary, replacement of a faculty member of the committee shall be selected by a process developed and administered by the Federation.

ARTICLE X: GRIEVANCE AND ARBITRATION

10.1 Purpose and Objectives of the Grievance Procedures

10.1.1 Purpose and Objectives of the Grievance Procedures. It is the declared objective of the College and the Federation to encourage the prompt resolution of all complaints, misunderstandings, or other difficulties arising under the terms of this Agreement. Accordingly, the following grievance procedure is established to provide an orderly and expeditious procedure for resolution of matters arising under this Agreement.

10.1.2 Grievance Definition. A grievance shall be defined as any complaint or claim against the College by an academic employee, a group of academic employees, or the Federation, arising out of the interpretation, application, or alleged violation of the terms of this Agreement by the College.

10.2 Computation of Time

10.2.1 Computation of Time. For purposes of computing time for filing a grievance in Section 10.4.1, only those days which are days as defined in Article XI shall be counted in the thirty (30) contract day time period for filing. In any event, grievances of part-time employees must be filed no later than the end of the quarter following the quarter of the alleged violation.

10.2.2 In computing days, the day of notice is the day after the event in question occurs or the day after the academic employee(s) (or the Federation in instances of alleged violation of Article I) becomes aware of the alleged violation, whichever is later.

10.2.3 Time limits herein may be extended by mutual written agreement between the Federation and the College.

10.3 Eligibility to File

Any academic employee, full- or part-time, or the Federation, may file a grievance.

10.4 Informal Resolution and Formal Resolution: Step One

10.4.1 Informal Resolution . Prior to filing the written grievance, the grievant and the Federation representative shall present the grievance orally to the appropriate administrator who has the authority to adjust the grievance. This meeting will occur within thirty (30) contract days after the occurrence of the event giving rise to the alleged agreement violation or within thirty

(30) contract days after the academic employee or the Federation becomes aware of the alleged agreement violation, whichever is later. If an oral meeting cannot be arranged within thirty (30) contract days of the occurrence, an extension may be granted by mutual agreement or the parties may agree to proceed to Step One. The participants of the meeting will decide who will prepare and distribute to the participants a written summary of the outcome within five (5) contract days of the meeting.

10.4.2 Formal Resolution: Step One. The grievant and the Federation representative shall present the grievance within ten (10) contract days after the informal resolution meeting. Such grievance shall be in writing, dated, and signed by the grievant and the Federation representative and shall state the specific factual basis of the grievance, the specific provisions of this Agreement alleged to be violated, and the remedy sought. The grievance may be sent via certified U.S. mail, with the receipt signature and date indicating timely filing or by personally delivering it to the Executive Vice President for Instruction or designee who shall note receipt by countersigning and dating the original grievance. The Federation will concurrently provide a copy of the grievance to the Chief Human Resources Officer.

10.4.3 The Executive Vice President for Instruction or designee may meet with the Federation and the grievant to gain a fuller understanding of the issue(s).

10.4.4 The Executive Vice President for Instruction or designee shall answer the grievance in writing or request a time extension within (15) contract days after receipt of the grievance. Copies of the response shall be provided to the grievant, the Federation representative, and the Chief Human Resources Officer. If the Executive Vice President for Instruction or designee does not respond within the time limit, the grievant and the Federation may take the matter to Step Two.

10.5 Step Two

10.5.1 Step Two. If the grievance is not adjusted at Step One or in the event the Executive Vice President for Instruction or designee has not timely responded to the Step One grievance, the grievance may be submitted to the President or designee provided it is received by the President or designee not more than fifteen (15) contract days after it is answered or not timely responded to in Step One. The grievance may be sent via certified U.S. Mail, with the receipt signature and date indicating timely filing or by personally delivering it to the President or designee who shall note receipt by countersigning and dating the written grievance. Notice of filing the grievance at Step Two will be provided to the Chief Human Resources Officer.

10.5.2 The President may meet with the Federation and the grievant to gain a fuller

understanding of the issue(s).

10.5.3 The President or designee shall answer the grievance in writing or request a time extension within fifteen (15) contract days after receipt of the grievance. Copies of the response shall be provided to the grievant, the Federation representative, and the Chief Human Resources Officer. If the President or designee does not respond within the time limit, the grievant and the Federation may take the matter to Step Three.

10.5.4 Upon mutual consent of the College and the Federation, the Federation may initiate a grievance at Step Two.

10.6 Step Three: Arbitration

If no settlement is reached at Step Two or in the event the President or designee has not timely answered the grievance, the Federation may, at its sole discretion within twenty (20) contract days after the Federation receives the College's Step Two answer, file written notice to the College that the grievance will be submitted to the American Arbitration Association for arbitration: provided, however, that the Federation may request an extension of time to file such notice.

10.7 Arbitration Provisions

10.7.1 Arbitration Provisions. Matters subject to arbitration shall be referred to the American Arbitration Association, hereinafter referred to as the AAA. Matters referred to the AAA shall be processed under the appropriate rules of the AAA.

10.7.2 Only grievances which involve an alleged violation by the College of a specific provision of this Agreement during the duration of this Agreement and which are presented to the College in writing and which are processed in the manner and within the time limits provided in this section shall be subject to arbitration.

10.7.3 The fees and expenses of the arbitrator shall be borne equally by the College and the Federation.

10.7.4 The decision of the arbitrator shall be final and binding upon the College, the Federation and the academic employee(s) affected, consistent with the terms of this Agreement.

10.8 Jurisdiction of the Arbitrator

10.8.1 Jurisdiction of the Arbitrator. Jurisdiction of the arbitrator is limited to:

10.8.2 Adjudication of the issue which, under the express terms of this Agreement and any submission agreement, are subject to arbitration; and

10.8.3 Interpretation of the specific terms of the Agreement which are applicable to the particular issue presented to the arbitrator; and

10.8.4 The rendition of a decision or award which in no way modifies, adds to, subtracts from, changes, or amends any term or condition of this Agreement, or which is in conflict with the provisions of this Agreement; and

10.8.5 The rendition of a decision or award which does not grant relief extending beyond the termination date of this Agreement or any renewal or extension thereof; and

10.8.6 The rendition of a decision or award based solely on the evidence and matters presented to the arbitrator by the respective parties in the presence of each other and the matters presented in any written briefs of the parties; and

10.8.7 The rendition of a decision or award within thirty (30) calendar days of the date of presentation of written or oral briefs by the parties unless waived by the parties.

10.8.8 The arbitrator shall decide all substantive and procedural arbitrability issues arising under this Agreement. Upon request of either party, the merits of a grievance and the substantive and procedural arbitrability issues arising in connection with the grievance shall be consolidated for hearing before the arbitrator.

10.8.9 No arbitrator shall have the authority to remand an issue back to the parties for negotiation.

10.9 Additional Grievance Stipulations

10.9.1 Additional Grievance Stipulations. Conferences and hearings held under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons entitled to be present to attend. If a grievance hearing, at any step, or an arbitration hearing is held during working time, the grievant(s) and the Federation representatives shall be released with pay.

10.9.2 Whenever written grievances, answers, or appeals are required to be served upon the College or the Federation, certified mail to the President, or to the Federation President, shall meet all service requirements hereof, except that personal service duly receipted shall also be adequate service.

10.9.3 Any grievance pending arbitration shall in no way be prejudiced by the termination of employment of the grievant(s), and the Board of Trustees or any of its agents agrees not to use the fact that a former academic employee is no longer an employee in a grievance proceeding.

10.9.4 No grievance material shall be placed in the personnel file of academic employees exercising their rights under the grievance procedure. Neither shall such material be used in the evaluation reports, the promotional process, or any recommendation for job placement.

10.9.5 When two (2) or more grievances involving the same alleged violation have been submitted, the College and the Federation may agree that said grievances be consolidated and that they be heard at Step Two or Step Three.

ARTICLE XI: CONDITIONS

11.1 Scope of Agreement

11.1.1 Scope of Agreement. This Agreement shall supersede any policies, rules, regulations, procedures, or practices of the College to the extent that the policies, rules, regulations, procedures, or practices are contrary to or inconsistent with the terms of this Agreement.

The parties acknowledge that each has had the unlimited right and opportunity to make demands and proposals with respect to any matter deemed a proper subject for negotiations. The results of the exercise of that right and opportunity are set forth in this Agreement. Therefore, except as specifically stated in this Agreement, the College and the Federation for the duration of this Agreement each voluntarily and unqualifiedly agree to waive the right to oblige the other party to negotiate with respect to any subject or matter covered or not covered in this Agreement unless mutually agreed otherwise.

b. **First Report.** A written report is due by the end of the first probationary quarter outlining the activities and progress of the committee.

c. **Subsequent Reports.**

1. A written evaluation of the probationer's performance and progress, including the degree to which the probationer has overcome stated deficiencies, is due on or before the mid-point of the second, fifth, and eighth probationary quarters.

If the Department of Corrections' training program makes it difficult for the committee to submit an evaluation by the mid-point of the second quarter, an extension to a date later in that quarter will be granted by the Executive Vice President for Instruction upon receipt of the committee's request for such an extension.

2. A written recommendation regarding the renewal or non-renewal of the probationer's contract for the ensuing regular college year, on or before March 1, or

process.

b. **Committee Processes.** Though the Appointment Review Committee's recommendations are not grievable, failure of the committee to adhere to the processes laid out in this article may be addressed through the grievance process. Grievances related to renewal or non-renewal of probationary contracts must be filed on or before April 15. Grievances related to the processes prior to awarding of tenure or permanent status must be filed before the date of the first consideration by the Board of Trustees.

B.4.3.1 Award of Permanent Status

The Appointing Authority shall provide for the award of permanent status following a probationary period not to exceed nine (9) consecutive regular college quarters excluding approved leaves of absence. Prior instructional experience may be considered in advancing the appointment review process. Provided, the appointing authority may award or withhold permanent status at any time, after it has given reasonable consideration to the recommendations of the appropriate review committee. The probationer shall be deemed to have been awarded permanent status if no official notice is sent to the probationer by the last day of the eighth probationary quarter.

B.4.3.2 Extension of Probationary Period. Upon formal recommendation of the review committee and with the written consent of the probationary faculty member, the Appointing Authority may extend its probationary period for one (1), two (2), or three (3) quarters, excluding Summer Quarter, beyond the maximum probationary period established herein. No such extension shall be made, however, unless the review committee's recommendation is based on its belief that the probationary faculty member needs additional time to satisfactorily complete a professional improvement plan already in progress and on the committee's further belief that the probationary faculty member will complete the plan satisfactorily. At the conclusion of any such extension, the Appointing Authority may award permanent status unless the probationary faculty member has, in the judgment of the committee, failed to complete the professional improvement plan satisfactorily.

B.4.4 Rights and Reasonable Expectations of the Probationer

The probationer may expect to be acquainted with the evaluation criteria and any evaluation instruments prior to their use; the probationer may also expect a written response from the committee to requests or concerns for which the probationer makes a written statement or request to the committee; the probationer may also expect classroom visitations to be scheduled in advance. Although the probationer may assist with the preparation of accompanying material to be sent to the Board of Trustees, it is the responsibility of the committee to prepare the formal

reports and determine what materials will accompany those reports.

B.4.5.1 Dismissal for Reduction in Force (RIF)

Reduction in force is deemed to constitute sufficient or adequate cause for dismissal/termination of permanent faculty members or probationary faculty employees prior to the written term of their individual appointment. RIF shall include, but not be limited to, any of the following grounds:

- c. Reduction or termination of the interagency agreement with Department of Corrections.

B.4.5.3 In applying the above, employees will be placed in the unit which reflects their unit of original hire with appropriate seniority from date of such assignment. In the event of a transfer in assignment, either voluntary or involuntary, the employee shall at the time of transfer have the choice of retaining previous seniority and assignment to the RIF unit reflecting original hire or to be assigned to the new RIF unit with seniority accruing effective the date of transfer to the new assignment. Such choice, once made, may not be revoked.

B.4.5.4 Dispute Resolution. Any dispute regarding RIF unit assignment shall be submitted to expedited arbitration utilizing the American Arbitration Association.

B.4.5.5 RIF Units. The following units shall serve as RIF units for academic employees.

B.4.5.6 If new programs are added during the term of this Agreement, the Contract Administration Committee will determine whether they are to be separate units or combined with existing units.

B.4.5.7 Seniority. Seniority shall be determined by establishing the date of the signing of the first full-time contract for continuous full-time professional services for Community College District 23. Continuous service shall include leaves of absence, educational leaves, and periods of layoffs. The longest term of employment as thus established shall be considered the highest level of seniority. In instances where academic employees have the same beginning date of full-time professional service, seniority shall be determined in the following order:

- a. First date of signature of a full-time probationary employment contract.
- b. First date of application for employment on the signature line of the College application form. In the case of individuals who choose to submit an application form from a prior recruitment, the date on the cover letter or letter of application for the position into which they were appointed will be considered to be the official date of application.

B.4.5.8 When an employee leaves the bargaining unit to permanently accept a position with the College for which the Federation is not the bargaining agent, seniority shall cease to accrue after three (3) years. If such employee later returns to the bargaining unit, seniority shall again accrue and all previous seniority shall be recognized.

B.4.5.9 Implementation of Reduction in Force. Within each affected RIF unit, the President shall observe the following order of layoff:

- a. First: Part-time academic employees without assurance of employment.
- b. Second: Part-time academic employees with assurance of employment.

- d. Fourth: Temporary full-time academic employees in order of least seniority.
- e. Fifth: Full-time probationary employees in order of least seniority.

f. Sixth: Full-time permanent status employees in order of least seniority.

B.4.5.10 The above order and/or application of seniority may be interrupted in the event that:

- a. Strict adherence to it would result in no qualified individual being available to fully perform the duties of the core courses of the program.
- b. Strict adherence to it would cause a regression in the progress of the College toward its Affirmative Action goals.

B.4.6.1 Formal RIF Dismissal Procedure.

After determining that RIF dismissal proceedings should be initiated, the President shall serve written notice of the cause(s) to the affected employee, and provide copies to the Federation. The notice shall include:

- c. The basis for selection of the affected employee.
- d. The anticipated effective date of separation from service.

B.4.6.2 Employees who wish to contest the RIF dismissal shall do so through the grievance and arbitration procedures set forth in Article X.

B.4.7 Recall Rights of RIF'd Academic Employees

The Contract Administration Committee shall create and maintain recall lists for each affected RIF unit with the College. The names of those academic employees shall be placed on the appropriate recall lists according to seniority. Recall in each RIF unit shall be in order of reverse seniority; those qualified academic employees at highest levels of seniority will be the first ones considered for recall. The right of recall shall extend three (3) calendar years from the date of actual separation. No new hires shall be permitted to fill academic employee vacancies in the RIF unit unless there are no qualified or available academic employees on the recall lists to fill the vacancies. The name of any academic employee refusing a recall offer to a full-time assignment shall be removed from the recall list, and said academic employee will no longer be considered eligible for recall. It is the responsibility of those academic employees desiring recall to furnish the College with the appropriate addresses to which notices and other pertinent recall information can be sent. Upon recall, academic employees shall retain all benefits such as sick

leave, permanent status, and salary schedule placement which had accrued up to the date of separation.

Notice of recall shall be sent by certified mail.

- e. Conviction of any unlawful act that affects the reputation or normal operation of the College.

B.5.3 Preliminary Proceedings Relating to Dismissal

When reason arises to question the fitness of a permanent status, temporary, or probationary academic employee, the initial step shall be for the Executive Vice President for Instruction to discuss the matter with him/her in a personal conference. Notification of the conference shall include notice that the individual has a right to have a Federation representative present. The matter may be terminated by mutual consent at this point, but if an adjustment does not result, the case shall be referred to the President.

B.5.4 Formal Dismissal Procedure

After determining that dismissal proceedings should be initiated, the President shall specify the grounds constituting sufficient cause for dismissal, serve written notice of the cause(s) to the affected academic employee, and provide copies to the Federation grievance officer. The notice shall include:

- a. A statement of the time, place and nature of a pre-dismissal hearing with the President to be scheduled with at least 10 contract days of notice. The academic employee shall have the right to be accompanied by a Federation representative at any meeting held.
- b. Written notice of the charges.
- c. A reference to the particular rules of the College or Department of Corrections that are involved.
- d. An explanation of evidence supporting the charges.

- f. The anticipated effective date of separation from service.

B.5.5 Response to Dismissal Notice

The affected employee shall have ten (10) contract days from the date of service of the Notice of Dismissal to make a written response to the President indicating their intention of participating in the pre-dismissal hearing or of submitting a written response.

B.5.6 Failure to Respond

If the employee fails to respond to the Notice of Dismissal within ten (10) contract days, such failure shall constitute acceptance of dismissal and waiver of any rights to a hearing.

B.5.7 President's Response

Within a reasonable period of time, not to exceed 30 contract days following the date of the pre-dismissal hearing, the President shall provide a written response and determination based on all evidence in the matter. The response will indicate the effective date of action(s) specified in the determination.

B.5.8 Appeal from Dismissal Determination

Employees who wish to contest the dismissal shall do so through the grievance and arbitration procedures set forth in Article X.

B.6.13.1 Sick Leave.

If a vacancy occurs in the administrative position, a replacement shall be appointed by the President or designee. If a vacancy occurs in the student position, a replacement shall be appointed by student government.

D.4.2.6 Duties and Responsibilities. The general duty and responsibility of the Appointment Review Committees shall be to evaluate the probationers, to advise them of their strengths and weaknesses, and to develop with them programs to overcome their deficiencies. The evaluation process shall place primary importance upon the probationer's effectiveness in the appointment. The Appointment Review Committee shall be responsible for making a recommendation in accordance with the procedures in section D.4.2.11 and D.4.3.2 as to whether the probationer shall be granted permanent status, be given an additional probationary year, or be terminated by the non-renewal of his/her probationary status.

D.4.2.9 Evaluation Process. The evaluative process employed by each Appointment Review Committee shall include the stipulations outlined below:

- a. The first order of business for each Appointment Review Committee shall be to establish, in consultation with the probationer, the procedures it will follow in evaluating the performance and professional competence of the probationer assigned thereto.

the same as those used by other division faculty. Student evaluations shall be administered in at least four quarters within the first six quarters, and once in the seventh quarter of the probationary period.

g. Evaluation by Immediate Supervisor. The immediate supervisor shall conduct a separate evaluation and share those portions with the committee which relate to the criteria specified in Subsection b. above. The supervisor is not required to disclose information to the committee related to disciplinary actions.

D.4.2.10 Deficiencies. When deficiencies in the performance of a probationer have been noted by an Appointment Review Committee, the following steps should be taken by the committee:

- a. Areas of deficiency should be put in writing and discussed at a conference with the probationer.
- b. The Appointment Review Committee should develop with the probationer a written plan to improve these deficient areas.
- c. Conferences should follow step (b) above to provide for follow-up evaluations as well as to plan revisions to help the probationer improve.

D.4.2.11 Each Appointment Review Committee, as a result of its ongoing evaluation of the probationer, shall periodically advise the probationer of the progress during the probationary period and receive the probationer's written acknowledgment thereof. The following written reports will be rendered to the probationer, the President, Executive Vice President for Instruction, and the personnel file on or before the times specified during each regular College year or within fifteen (15) calendar days of the President's written request for them except that the recommendation for tenure or continued probationary status shall not be required when the committee in an earlier report has recommended non-renewal.

- a. First Report. A written report is due by the end of the first probationary quarter outlining the activities and progress of the committee.
- b. Subsequent Reports.
 1. A written evaluation of the probationer's performance and progress, including the degree to which the probationer has overcome stated deficiencies, is due on or before the mid point of the second, fifth and eighth probationary quarters.
 2. A written recommendation regarding the renewal or non-renewal of the probationer's contract for the ensuing regular College year, on or before March 1,

or

3. A written recommendation for granting or denying permanent status with accompanying supporting materials or continued probationary status, on or before the mid point of the eighth probationary quarter.

c. Other Materials to the Personnel Files.

1. The committee may send other information to the probationary employee's personnel file so long as the notification provisions in Section 2.9.2 are met.

2. After the employee is granted or denied permanent status, the Human Resources Office will maintain the documentation reports from the appointment review process for at least three (3) years.

D.4.2.12 Grievability

a. Board of Trustees Decisions. The authority to grant or deny tenure or permanent status is vested with the Board of Trustees. Any and all decisions relating to the awarding or withholding of tenure/permanent status or the renewal or non-renewal of individual contracts of probationary academic employees shall not be subject to the grievance process.

b. Committee Processes. Though the Appointment Review Committee's recommendations are not grievable, failure of the committee to adhere to the processes laid out in this article may be addressed through the grievance process. Grievances related to renewal or non-renewal of probationary contracts must be filed on or before April 15. Grievances related to the processes prior to awarding of tenure or permanent status must be filed before the date of the first consideration by the Board of Trustees.

D.4.3.1 Award of Permanent Status.

The appointing authority shall provide for the award of permanent status following a probationary period not to exceed nine (9) consecutive regular College quarters, excluding approved leaves of absence. Provided, the appointing authority may award or withhold permanent status at any time, after it has given reasonable consideration to the recommendations of the appropriate review committee. The probationer shall be deemed to have been awarded permanent status if no official notice is sent to the probationer by the last day of the eighth probationary quarter.

D.4.3.2 Extension of Probationary Period. Upon formal recommendation of the review

committee and with the written consent of the probationary faculty member, the Appointing Authority may extend its probationary period for one (1), two (2), or three (3) quarters, excluding Summer Quarter, beyond the maximum probationary period established herein. No such extension shall be made, however, unless the review committee's recommendation is based on its belief that the probationary faculty member needs additional time to satisfactorily complete a professional improvement plan already in progress and on the committee's further belief that the probationary faculty member will complete the plan satisfactorily. At the conclusion of any such extension, the Appointing Authority may award permanent status unless the probationary faculty member has, in the judgment of the committee, failed to complete the professional improvement plan satisfactorily.

D.4.4 Rights and Reasonable Expectations of the Probationer

The probationer may expect to be acquainted with the evaluation criteria and any evaluation instruments prior to their use; the probationer may also expect a written response from the committee to requests or concerns for which the probationer makes a written statement or request to the committee; and the probationer may also expect classroom visitations to be scheduled in advance. Although the probationer may assist with the preparation of accompanying material to be sent to the Board of Trustees, it is the responsibility of the committee to prepare the formal reports and determine what materials will accompany those reports.

D.4.5.1 Dismissal for Reduction In Force (RIF)

Reduction in force is deemed to constitute sufficient or adequate cause for dismissal/termination of permanent faculty members or probationary faculty employees prior to the written term of their individual appointment. RIF shall include, but not be limited to, any of the following grounds:

- a. Lack of funds.
- b. Inadequate enrollment.
- c. Changes in educational policy and/or goals.

D.4.5.2 The Contract Administration Committee shall maintain an updated list reflecting the seniority of each full-time employee in the unit. The list shall be promulgated by November 15.

D.4.5.4 Dispute Resolution. Any dispute regarding RIF unit assignment shall be submitted to expedited arbitration utilizing the American Arbitration Association.

D.4.5.5 RIF Units. The IESL department shall be the sole RIF unit for academic employees in

contracted IESL programs.

D.4.5.7 Seniority. Seniority shall be determined by establishing the date of the signing of the first full-time probationary contract for continuous full-time professional services for Community College District 23. Continuous service shall include leaves of absence, educational leaves, and periods of layoffs. The longest term of employment as thus established shall be considered the highest level of seniority. In instances where academic employees have the same beginning date of full-time probationary service, seniority shall be determined in the following order:

- a. First date of signature of an employment contract.
- b. First date of application for employment on the signature line on the College application form. In the case of individuals who choose to submit an application form from a prior recruitment, the date on the cover letter or letter of application for the position into which they were appointed will be considered to be the official date of application.

D.4.5.8 When an employee leaves the bargaining unit to permanently accept a position with an employer for which the Federation is not the bargaining agent, seniority shall cease to accrue after three (3) years. If such employee later returns to the bargaining unit, seniority shall again accrue and all previous seniority shall be recognized.

D.4.5.9 Implementation of Reduction in Force. Within each affected RIF unit, the President shall observe the following order of layoff:

- a. First: Part-time academic employees without assurance of employment.
- b. Second: Part-time academic employees with assurance of employment.
- c. Third: Part-time academic employees with affiliate status.
- d. Fourth: Temporary full-time academic employees.
- e. Fifth: Full-time probationary employees in order of least seniority.
- f. Sixth: Full-time permanent status employees in order of least seniority.
- g. The above order and/or application of seniority may be interrupted in the event that strict adherence to it would result in no qualified individual being available to fully perform the duties of the core courses of the program, or strict adherence to it would cause a regression in the progress of the College toward its Affirmative Action goals.

D.4.6.1 Formal RIF Dismissal Procedure

After determining that RIF dismissal proceedings should be initiated, the President shall serve written notice of the cause(s) to the affected employee, and provide copies to the Federation. The notice shall include:

- a. A statement of the grounds for reduction in force as delineated in Section D 4.7.1.
- b. A statement that the separation is not due to job performance of the employee.
- c. The basis for selection of the affected employee.
- d. The anticipated effective date of separation from service.

D.4.6.2 Employees who wish to contest the RIF dismissal shall do so through the grievance and arbitration procedures set forth in Article X.

D.4.7 Recall Rights of RIF'd Academic Employees

The Contract Administration Committee shall create and maintain recall lists for each affected RIF unit with the College. The names of those academic employees shall be placed on the appropriate recall lists according to seniority. Recall in each RIF unit shall be in order of reverse seniority; those qualified academic employees at highest levels of seniority will be the first ones considered for recall. The right of recall shall extend to three (3) calendar years from the date of actual separation. No new hires shall be permitted to fill academic employee vacancies in the RIF unit unless there are no qualified or available academic employees on the recall lists to fill the vacancies. The name of any academic employee refusing a recall offer to a full-time assignment shall be removed from the recall list, and said academic employee will no longer be considered eligible for recall. It is the responsibility of those academic employees desiring recall to furnish the College with the appropriate addresses to which notices and other pertinent recall information can be sent. Upon recall, academic employees shall retain all benefits such as sick leave, permanent status, and salary schedule placement which had accrued up to the date of separation. Notice of recall shall be sent by certified mail.

D.4.8 Non-Renewal Excluded.

Nothing in this Article shall be construed to affect the decision and right of the Board of Trustees not to renew a probationary academic employee appointment without cause.

D.5.1 Dismissal for Cause of an Academic Employee.

Dismissal of permanent status faculty and the dismissal of temporary, or probationary faculty during the term of their appointments shall be governed by Sections D.5.2 through D.5.8 below.

D.5.2 Sufficient Cause for Dismissal

A permanent status faculty member shall not be dismissed from his or her appointment except for sufficient cause, nor shall a faculty member who holds a temporary or probationary appointment be dismissed prior to the written terms of the appointment except for sufficient cause. Sufficient cause may include, but is not limited to:

- a. Demonstrated incompetence in his/her professional assignment.
- b. Neglect of duty.
- c. Failure to follow a legitimate supervisory directive.
- d. Diagnosed physical or mental condition for which a reasonable accommodation cannot be found.
- e. Conviction of any unlawful act that affects the reputation or normal operation of the College.

D.5.3 Preliminary Proceedings Relating to Dismissal

When reason arises to question the fitness of a permanent status, temporary, or probationary academic employee, the initial step shall be for the Executive Vice President for Instruction to discuss the matter with him/her in a personal conference. Notification of the conference shall include notice that the individual has a right to have a Federation representative present. The matter may be terminated by mutual consent at this point, but if an adjustment does not result, the case shall be referred to the President.

D.5.4 Formal Dismissal Procedure

After determining that dismissal proceedings should be initiated, the President shall specify the grounds constituting sufficient cause for dismissal, serve written notice of the cause(s) to the affected academic employee, and provide copies to the Federation grievance officer. The notice shall include:

- a. A statement of the time, place and nature of a pre-dismissal hearing with the President to be scheduled with at least 10 contract days of notice. The academic employee shall

have the right to be accompanied by a Federation representative at any meeting held.

b. Written notice of the charges.

c. A reference to the particular rules of the College that are involved.

d. An explanation of evidence supporting the charges.

e. An opportunity either in person or in writing (or both) to present reasons why disciplinary action should not be taken. The option to provide a written response to the charges to be submitted to the President no later than the time and date scheduled for the hearing.

f. The anticipated effective date of separation from service.

D.5.5 Response to Dismissal Notice

The affected employee shall have ten (10) contract days from the date of service of the Notice of Dismissal to make a written response to the President indicating his/her intention of participating in the pre-dismissal hearing or of submitting a written response.

D.5.6 Failure to Respond

If the employee fails to respond to the Notice of Dismissal within ten (10) contract days, such failure shall constitute acceptance of dismissal and waiver of any rights to a hearing.

D.5.7 President's Response

Within a reasonable period of time, not to exceed 30 contract days following the date of the pre-dismissal hearing, the President shall provide a written response and determination based on all evidence in the matter. The response will indicate the effective date of action(s) specified in the determination.

D.5.8 Appeal from Dismissal Determination

Employees who wish to contest the dismissal shall do so through the grievance and arbitration procedures set forth in Article X. Contract Length and Workload Standards

D.7.1.1 Contract Year

An academic year or contract year for a full-time academic employee shall be three (3) instructional quarters or equivalent and an assigned annual contract length consistent with Appendix A.

D.7.1.2 Part-Time Contract Period. An academic contract length for a part-time academic employee shall be one (1) instructional quarter.

D.7.1.6 Each academic quarter, except Summer Quarter, shall contain one (1) day for preparation, grading, or staff development which shall include but not be limited to conferences, site visits, research and other professional activities. (The Fall Quarter day shall be incorporated into the scheduled days prior to the beginning of classes.) After discussion with the division administrator, academic employees shall designate two (2) such noninstructional days as faculty-directed.

D.7.3.2 Instructor Professional Assignment

The assignment for an instructor is to provide individual and group instruction to students, evaluate student work, assign grades, and develop appropriate course material. Full-time instructors are also expected to participate in student advising, program and curriculum development, department and division responsibilities, appropriate College in-service activities, personal and program evaluation, committee or council assignments, and other professional duties relating to the assignment. Full-time instructors are responsible for arranging their schedules in order to fulfill committee, department, and division responsibilities.

D.7.4.3 Part-Time Assignment

Part-time academic employees shall provide individual and group instruction to students, evaluate student work, assign grades, and develop appropriate course materials. The assignment is computed on a quarterly basis. Consultation with students will be an expectation of employment for all part-time academic employees.

D.7.4.4 At the time the annual schedule is developed, each full-time instructor will be assigned a full-time annual instructional assignment. This assignment will be used as the basis to determine the full-time load and eligibility for part-time compensation beyond the annual load in the following manner: any class which is added to the assignment and is not a substitution is compensable at the part-time rate. If the original assignment is beyond the band due to the FTEF factor associated with the program, the employee will be eligible for compensation for the amount that is beyond the band. If a full-time academic employee's class is canceled, another class will be substituted. If the change occurs Spring Quarter and/or the academic employee does not have a full load and there are no classes available to substitute, the Executive Vice President for Instruction will assign additional duties to compensate for the canceled class.

D.7.4.5 Adjusted Assignments. Adjusted assignments may be counted as FTE load credit upon written approval of the Executive Vice President for Instruction.

D.7.5.1 Quarterly FTEF Calculation

Instructional FTEF of 1.0, based on an eleven (11) week or equivalent quarter, shall be no more than twenty (20) instructor contact hours with students per week. The Executive Vice President for Instruction or their designee may adjust instructor contact hours within the limit set by this section in order to determine the one-hour class FTEF (e.g. 0.25 vs. 0.333) to assure the program's ability to cover its operating costs, and maintain an appropriate fiscal reserve level.

Each year, after fiscal year-end data is available, the Vice President for International Education, a representative from the Budget Office, and IESL faculty will meet to review the annual budget and fiscal reserve, and will draft a Memorandum of Understanding for the following year.

D.7.9.1 Office Hours

Full-time annually contracted academic employees shall schedule five (5) office hours per week at times convenient to students.

Full-Time and Part-Time Salary Information - See Appendix A.
