In such cases, they shall be given consideration with all other applicants.

SECTION E. RECOMMENDATION/EVALUATION OF FULL-TIME FACULTY. No individual shall be hired for a Full-time position for more than one quarter without evaluation from a search committee. Such committees shall consist of an appropriate administrator appointed by the Vice President for Instruction, at least two subject area specialists appointed by the department, the academic or service Department Chair or designee. The search committee shall review applications and interview all applicants who are requested to visit the College. SECTION F. SELECTION OF DEPARTMENT PERSONNEL.

1. Faculty Members shall be given an opportunity to be involved in criteria development for Faculty selection and the selection process of all Faculty Members

with whom they will share assignments. Involvement will include recommending to the appropriate Administrator the scope of the search, necessary qualifications for the position and the Faculty membership of the selection committee. The unavailability of Faculty Members to exercise such an opportunity shall not bar the completion of the selection process.

2. Faculty Members who act as Chairs of Instructional and Support Departments shall be recommended from among Full-time Faculty by the Faculty Members in each department. Recommendations shall be submitted to the appropriate Administrator by March 15 in a year when the term of the current Department Chair expires. The President shall appoint Department Chairs by April 15 of the same year.

SECTION G. SELECTION OF ADMINISTRATIVE PERSONNEL. The Employer shall involve the appropriate Faculty Member(s) to provide feedback on position descriptions for new or replacement exempt personnel in positions of two-thirds time or more that support Faculty or to which Faculty report or that provide direct services to the general student population. Such involvement shall promote early consultation with Faculty Members. Further, the Employer shall provide an opportunity for Faculty Members to participate in the recruitment for these same exempt personnel positions.

Faculty Union leadership shall be solicited for faculty member appointments to serve on search committees for positions of interest to the Union. The Union shall have ten (10) instructional days from the day that Human Resources makes a request to respond with the names of those faculty members who will serve on a search committee. The unavailability of the Faculty Union to exercise such an opportunity shall not bar the completion of the selection process.

SECTION H. ASSIGNMENT.

1. Faculty Members shall be informed annually and/or upon employment as to the requirements of their assignment and shall receive an orientation package explaining the organizational policies and procedures of the College and indicating the benefits available to the employee.
2. Faculty supervision shall be performed by the Vice President for Instruction, Instructional Deans, or Instructional Program Directors, with the primary role of supporting and overseeing faculty. Specifically, the Vice President for Instruction, Instructional Deans or Instructional Program Directors will review student course feedback, and faculty professional reports/surveys; meet with faculty to review workload and discuss professional growth activities; and approve final hiring decisions regarding adjunct faculty. All faculty supervisors will participate in annual training on anti-bias, culturally-responsive practices. Supervisors will also participate in training to better inform their review of student course feedback.

The Office of Instruction will assign faculty supervisors with the advice of the executive committee of the Union prior to faculty notification. At the start of each academic year, the Office of Instruction will distribute and post a list of faculty

supervisors, identified by relevant academic disciplines and programs. All new faculty will be informed of their supervisor during the orientation process. In the case of an unforeseen situation, the Vice President for Instruction, after consultation with the Union, may select an alternate supervisor.

3. Faculty Members shall have the opportunity to participate in the selection of courses they will teach, based in the area of their greatest expertise.
4. Assignment of adjunct faculty
 - a. If an adjunct faculty at step 6 (any Tier 2 or Tier 3 adjunct faculty based on the previous negotiated Agreement are also included) or beyond is not offered an annual teaching load consistent with the previous year's contract, the adjunct and their supervisor shall receive a written explanation for this change from the department chair during the annual scheduling process. Reasons for a reduced load may include:
 - i. Full-time faculty teaching load needs to be fulfilled
 - ii. Previously taught class sections do not meet minimum enrollment threshold to be included in the annual schedule.
 - iii. Discipline/program-wide general enrollments have dropped to the point where section offerings need to be reduced.
 - iv. Faculty member was given an additional section or assignment as a short-term or temporary solution. Faculty will receive written notification identifying the additional teaching assignment as temporary, including the expected duration of the assignment. Additional non-teaching assignments are considered temporary unless communicated otherwise.

 - vi. Faculty refusal or inability to accept an assignment due to course, modality, or time slot.
 - b. If the adjunct faculty member does not agree with the criteria by which they were given a reduced teaching load, they may meet with their department chair and supervisor to request a review of the scheduling decision.

To assist with annual schedule development, the College will provide a good-faith, data-based enrollment forecast and recommendations for increases or decreases in offerings for the following year by February 1st. The College will identify a minimum enrollment threshold for classes to be listed on the annual schedule and provide this report to the Instructional Council. All class sections listed on the annual schedule by the respective departments for which the enrollment in the previous year was less than the identified enrollment threshold shall provide rationale for inclusion by the department. The final decision on class offerings in the annual schedule is reserved to the employer
2. The decision to continue or discontinue any College Programs or offerings is reserved to the Employer. Departments will be given the opportunity to make recommendations regarding cancellations of class sections in certificate or degree Programs. Recognizing that a balanced, in-depth, convenient schedule of offerings should be maintained, strong consideration will be given to the continuation of:
 - a. Required courses for student progress in degrees and certificates;
 - b. Sequential courses;
 - c. Infrequently offered courses or initial offerings (first three offerings);
 - d. A distribution of classes in various modalities that support student needs (e.g., face-to-face, hybrid, online).
3. Department chairs and administrators will review low-enrolled class sections on a quarterly basis. Classes on the annual schedule that reach an enrollment level of 12 students prior to the start of the quarter will not be cancelled. No later than two weeks prior to the first day of the quarter, faculty assigned to course sections under consideration for cancellation will be notified that their section is currently low enrolled. Any administrative decision to cancel classes will be based on historic enrollment data that accounts for enrollment trends up to the first day of the quarter.
4. Prior to canceling any class section, the appropriate Administrator shall consult with the appropriate Department Chair regarding the Department recommendations. The Department Chair shall immediately notify the Faculty Member and discipline lead/program coordinator of the determination. Only under unusual circumstances will a class section be discontinued after the first day of the quarter.
5. Adjunct faculty approved to teach a class, when student enrollment is below 12, may be paid, with the faculty member's agreement, a proportion of the regular class pay based on multiplying the regular class pay by either the number of students/12 or by 8/12, whichever is greater.
6. If an under-enrolled section affects a Full-time faculty member's teaching load, the appropriate administrator may collaborate with the faculty member to determine a

mutually agreed upon instructional assignment or choose to run the under-enrolled section.

7. After the tenth day of instruction, the College will internally publish a list of cancelled and pro-rated courses, courses with fewer than 12 enrolled students, and any faculty who are receiving reassign time in lieu of low-enrolled sections.

SECTION K. CONTENT OF INDIVIDUAL CONTRACTS. Individual contracts issued to non-tenured Faculty Members shall include the following provisions:

SECTION C. WORKLOAD STANDARDS: FULL-TIME FACULTY MEMBERS. For purposes of this Agreement, Full-time Faculty Members shall mean individuals whose primary duties and responsibilities involve teaching or other professional assignments when such assignments are scheduled on an annual basis 174-day contract or equivalent. These days shall include additional work performed during the normal academic year, days worked during summer quarter and/or additional hours required to perform their duties during the standard work week. Faculty will be under no obligation to engage in College meetings or assignments during these additional days. A workday for Faculty Members shall be defined as the individual workload assignments made in accordance with the criteria set forth below. Faculty Members shall be assigned reasonable workloads designed to allow the Employer to fulfill its mission and comply with funding requirements related to position control and allow such Employees to perform their functions effectively. It shall be the responsibility of the Department and appropriate Administrator, after consultation with the Faculty Member, to determine and make individual workload assignments in accordance with the following criteria:

1. A full-time teaching/instructional load shall consist of a thirty-five (35) hour work week or a teaching load of instructional lab credits, lecture credits, or composition courses/team teaching assignments or a combination of these assignments, which are described in the table below. In the cases of credits per quarter loads, the Full-time teaching/instructional support load shall be spread over the three (3) academic year quarters and the total shall fall between ninety-three percent (93%) and one hundred percent (100%) which constitutes fulfillment of the teaching/instructional part of their faculty workload (See Article V, Section A.1). The conversion of credits to percent of workload is given in the table below. In addition, a thirty-five (35) hour workweek PLUS contract may be offered to Full-time Faculty which shall consist of the usual 174 days plus the number of days not to exceed the length of the summer session. The length of the thirty-five (35) WW-PLUS contract shall be determined by the Employer at the time of hire. The thirty-five (35) WW-PLUS Faculty Member will be paid the full-time thirty-five (35) WW rate for 174-day contract plus a pro-rata rate for the PLUS portion of their employment contract. The PLUS portion of the employment contract shall be paid during the summer quarter.

Assignments	Full-time Workload	Quarterly <i>Per Credit Fraction of Full Teaching Load</i>	Annual <i>Per Credit Fraction of Full Teaching Load</i>
A. Lecture Courses	15 Credits per quarter	1/15	1/45
Exceptions to lecture courses			
B. Support Faculty	35 Hours per week (WW)		
C. Contract Instruction Consulting Services Mediated Instructional System Facilitation ^{1,2}	35 (WW)		
D. Composition Courses ³ Team Teaching ⁴	12 cr/quarter	1/12	1/36
E. Instructional Lab ⁵	See Section 12	Section 12	Section 12

¹ Mediated Instructional System Facilitation (MISF)—laboratory instruction wherein coursework is totally packaged and Faculty are not required to do curriculum development/revision, preparation, grading or consultation beyond contracted hours.

² A Faculty Member who works in a Non-MISF lab under the direct supervision of and generally simultaneously with a category D instructor, unless enrollment, type of course, and/or student characteristics do not warrant such simultaneous instruction. Associate lab Faculty are not responsible for Faculty duties beyond contracted hours.

³ Composition Courses have as their primary content the teaching and practice of writing.

⁴ Team taught courses are courses in which more than one instructor of record is assigned to the course and coordination is required between the instructors for effective instruction and student learning. Pre-approval by the appropriate administrator is required for overlapping instructional time resulting in more combined workload credit than the course credit (e.g., two instructors with overlapping time requesting 3 credits each of workload credit for a 5 credit course).

For class sections that are both team taught and composition courses, additional hours of collaboration approved by administration will be compensated at the 35WW rate.

⁵ Laboratory instruction that may include substantial components of the following: standard lecture, small group work, large group discussion, case study practice, problem solving activities, inclusion of videos, etc. Substantial curriculum development/revisions, diagnosis, planning, evaluation and outside consultation is required of the Faculty Member. Student attendance is expected during the established parameters. Students receive one (1) credit for two (2) hours of class time per week. The Curriculum Committee will keep posted on the staff website a current list of Instructional lab courses.

2. Workload calculation for release/reassigned time. When full-time faculty participate in a role for which they are granted release/reassigned time, the calculation of workload may be calculated at the rate for the course which was replaced by the reassigned time responsibility up to, and including, the course or assignment which leads to a full-time workload (at least 93% of full-time) for the faculty member. When reassigned time amounts are based on fractions of workload (e.g., one-third, two-thirds, etc.), this percentage should be used to calculate the annual workload to begin with. In the event the total annual workload does not reach the minimum workload requirement of 93%, the faculty member may request permission from the appropriate administrator to receive workload credit at the rate earned for the typical reassigned course (e.g., composition course, lab-based course, etc.) Reassigned work in excess of the work needed to reach a full-time workload is calculated at the 15 cr/qtr rate, regardless of the discipline or type of courses the faculty member typically teaches. For faculty receiving greater workload credit than the 15 cr/qtr rate for the reassigned work are expected to contribute at a level commensurate with the workload assigned to the role.
3. Full-Time Mixed Assignments. A Full-time Appointment may consist of both Support and Instructional assignments based upon the foregoing definitions. All teaching and support assignments will follow the average workload standard established in Section C.1 of this Article. Group counseling, when conducted as a class for credit, will follow the workload standard of instruction. Advising (educational planning and degree program development) may be included in a mixed assignment, but no Faculty Member, except those in Instructional Services, will be assigned more than one-third (1/3) of a load for advising on an annual basis.
4. A Faculty Member's schedule shall be established on the basis of student needs and efficiency of Program scheduling. Schedules beyond an eight (8) hour time span shall require mutual agreement between the Faculty Member and the appropriate Vice President, Dean or Associate Dean.
5. Revision of course credits and/or contact hours for existing classes shall only be made where such revision is for educationally sound purposes as recommended by the Department. Prior to such modification, the Faculty Member shall be consulted.

For Full-time Faculty, this extra time may be calculated as part of their teaching workload.

 - iii. Professional-technical programs and degree pathway programs with cohort sizes larger than 25. When a professional-technical program or graduation pathway has a student population which requires that sections be run with more than 25 students to support student demand, student degree progress, or program viability, course sections within that program will be compensated with an additional \$100 per enrollment per 5-credit course above 25 enrolled students. These sections will be pre-identified. The official enrollment total will be calculated on the tenth day of the academic term.

5. When external funding is provided to the College to increase specific faculty salaries for the purpose of retaining and recruiting faculty, enhanced pay may be provided to specified programs and disciplines as agreed upon by the College and faculty union. This enhanced pay has specific funding sources and will be provided if funding is specifically appropriated to the College. In the event the Legislature increases or reduces funding for specific enhanced pay, the parties will reopen the Agreement to negotiate the impact of the change. If specific enhanced pay funding is eliminated, the College will cease providing that enhanced pay.

SECTION B. COMPENSATION FOR FULL-TIME FACULTY.

- 2023-24 = \$2,300

1. Initial Placement

a. This salary scale shall be updated annually and verified by CAC. Updated initial placement scales shall be recorded annually in CAC minutes and made available through Human Resources.

i. Initial Placement Scale Adjustment: The purpose of this section is to provide a mechanism to keep the initial placement scale in alignment with full-time faculty salaries. Full-time and/or Adjunct teaching and/or work experience will be counted and it will be computed based upon guidelines annually developed and published by CAC. Past experience at Whatcom Community College will be computed on the basis of a full-time load as described in this Agreement. When a WCC adjunct faculty member is hired into a full-time faculty position, any Faculty Education Workshop (FEW) credits earned that have not yet been applied to a step increase on the adjunct salary scale can be used as a full-time faculty member. The first unused FEW will be applied to the initial placement. Any remaining FEWs are “banked” for use in future years, as described in Article VI, Section C.2. All verification of experience must be submitted to Human Resources by

the end of fall quarter so it may be reviewed and verified by CAC prior to the appeal deadline of January 31.

- c. Premium Pay: Where employment market demands dictate consistently higher starting salaries for Faculty in a specific discipline and/or where the College has demonstrated an inability to attract qualified candidates for a position, the College may offer or negotiate with candidates for a starting salary greater than that prescribed by the Full-time Faculty initial salary placement formula. Such exceptions shall only be made after consultation with the Faculty Union.
 - d. Full-time Faculty shall have the right to appeal an adjusted initial placement by January 31st by letter of appeal to the Contract Administration Committee (CAC).
2. Increment Funding: Full-time Faculty increment funding appropriated by the Legislature shall be put into Faculty salaries in a manner that is to be determined by negotiations in the spring, prior to their disbursement.

 4. Salary increases are subject to available funding, local negotiations, and applicable state policy and legislation.

SECTION C. TENURE AND RANK ADVANCEMENTS.

Starting in 2024-25 (and continuing for two negotiated agreement cycles or six years), full-time faculty members shall have added to their base salary a \$750 increase each year as a recognition of continued service to the College. These increases are contingent up on the completion of annually required faculty professional growth activities as outlined in the “Faculty Professional Growth Process” found in Article XII, Section E.
 - b. Full-time faculty ranks are awarded as a function of years of service to the College as follows:
 - i. Assistant Professor: Three (3) years of employment working/teaching and required completion of faculty evaluation activities. The rank of Assistant Professor is bestowed upon the award of tenure.
 - ii. Associate Professor: Six (6) years of employment working/teaching and required completion of faculty evaluation activities.
 - iii. Professor: Eleven (11) years of employment working/teaching and required completion of faculty evaluation activities.
 - iv. Senior Professor: Sixteen (16) years of employment working/teaching and required completion of faculty evaluation activities.

- c. Accelerated rank advancement based on tenure at a previous institution. For the ranks of associate professor and professor above, years of full time service in a similar faculty position at another college may be applied toward these eligibility criteria if the promotion candidate demonstrates that service included substantial work and accomplishment in the areas of teaching/professional effectiveness, college and community service, and professional development—and is verified by the previous college, by completing and submitting a “verification of tenure or equivalent form” to WCC Human Resources, who also verifies the information.
 - i. Following the award of tenure at WCC, faculty with at least three (3) years of a tenured (or equivalent) status at another institution may apply to the VPI for the rank of associate professor in the year immediately following the award of tenure.
 - ii. Faculty with more than eight (8) years of a tenured (or equivalent) status at WCC or another institution may apply to the VPI for the award of professor in the year immediately following the award of associate professor.

This process shall only apply to faculty transferring from another institution. Evidence of this prior effort and accomplishment while employed as full time faculty at the prior institution(s) should be included in the application letter.

- d. Appeal Process for accelerated rank advancement: Faculty have thirty (30) days from the date they receive notification that their application for promotion has been denied to appeal the decision. Faculty will submit their appeal to the VPI. The Faculty has the right to make a verbal appeal of his/her case and to request that a Union representative be present during the appeal.
2. Faculty Educational Workshops: The College will offer workshops for Faculty, primarily designed and led by Faculty experts, that are planned to entail no more than 15 hours of seat time and related homework combined. FEWs are mutually agreed upon between the Administration and Union and approved by the President. Workshops will focus on topics relevant to the continued success and advancement of the College. Workshops will be offered during Opening Week, on Professional Development Day during winter quarter and during the academic year. At least one (1) FEW shall be offered in an online modality each academic year.

The professional development committee will facilitate a call out for FEW proposals on a timeline that allows the committee to forward recommendations on the proposals to the Union and Administration for review by May 15. The union and administration will approve and finalize the offerings by the end of the academic year.

Full-time faculty will earn a permanent base salary increase of \$750 for all workshops completed. Faculty are limited to one (1) workshop advancement per year. If a faculty member completes more than one (1) workshop in a year, the additional workshop(s) will be considered banked for future advances. All FEW completions must be submitted to Human Resources by the workshop facilitator by May 15 of the academic year in

which the workshop was offered in order for faculty to receive credit for the subsequent year.

Adjunct faculty will be paid \$750 for participation in up to one faculty education workshop per year. If an adjunct faculty member completes more than one (1) workshop in a year, the additional workshop(s) will be considered banked for future payment(s).

3. - ii. Advancement to steps 2 through 5 (instructor): Movement from step 2 through 5 correlate with each year of employment as a faculty member.

ARTICLE X – COLLEGE GOVERNANCE: INSTRUCTIONAL DIVISION AND COLLEGE COMMITTEES

SECTION A. PHILOSOPHY OF GOVERNANCE. Whatcom Community College is committed to maintaining a system of college governance that invites participation by Faculty and staff. Both Administration and Faculty recognize that an effective collegiate governance system provides for the inclusion and exercise of the judgment and expertise of the Faculty, particularly in areas pertaining to the delivery of instruction and workload related issues. It is agreed that Administration is responsible, with delegated authority from the Board of Trustees, for establishing and modifying the policies, procedures and organization of the College and Faculty shall have opportunity to participate in developing and maintaining policy and procedural decisions pertaining to instructional Programs and operations.

SECTION B. ROLES OF ACADEMIC DIVISIONS AND DEPARTMENTS. The organization of the College's academic Divisions and Departments provides for effective management of the delivery of instruction and related processes. The instructional organization is to ensure the inclusion of Faculty expertise at the appropriate level in Faculty hiring and evaluation, curriculum development, assessment, planning and budget and resource assimilation and allocation. Departments and Divisions shall review and address policy and procedural matters related to instructional management at appropriate levels. Department Faculty recognize their shared responsibility to establish and review basic academic policy and procedures. Further, Departments shall provide the primary basis for individual Faculty and disciplinary consultation on pertinent matters and the Divisions shall provide the primary basis for consultation with the collective Faculty on matters related to delivery of instruction and working conditions. Departments and Divisions shall hold regular meetings and maintain effective regular communication of issues to ensure as full Faculty participation as possible.

SECTION C. COLLEGE COMMITTEES.

1. In the spring of each academic year, prior to new appointments to standing College committees, the Contract Administration Committee shall meet to review committee effectiveness. Representatives from the classified staff and student leadership shall also be invited to participate in this meeting. It is desirable to have broad representation from both Faculty Members and Administrators on appropriate College committees and to achieve wide dissemination of pertinent information to the College community.
2. Contract Administration Committee. Representatives of the Union and the District will meet at a mutually agreed upon date, place and time (normally once every month) for the purpose of reviewing the administration of the Agreement in force and attempting to resolve any other problems that may arise. These meetings are not intended to bypass the grievance procedure and shall not constitute an invitation to continuously renegotiate the provisions of this Agreement. Both parties shall submit an agenda of items they wish to discuss at least five (5) days prior to the scheduled meeting. If no agenda items are submitted, the meeting may be cancelled. Neither party shall have

control over the selection of representation of the other party; provided, however, neither party shall have more than four (4) representatives.

3. Academic Advisory Committee. The Employer recognizes the requisite expertise and abilities of the Faculty Members to provide valuable input regarding decisions related to educational matters. It is agreed that a procedure is desirable for dealing with specific problems or concerns that may from time to time arise and which require appropriate input of the considered professional judgment of the Faculty Members. To this end there is hereby established an Academic Advisory Committee which shall function in the following manner:
 - a. Starting in Fall of 2012, the Academic Advisory Committee will not meet on a regular basis, in recognition that the issues traditionally addressed by AAC are now addressed by other advisory committees. However, if either the College or the Union feels that academic issues are not being addressed in other committees, either party may reactivate this committee as needed. In that event then, Section C.3.b. of this article will govern the operations of this committee.
 - b. The Academic Advisory Committee shall consist of four (4) Faculty Members appointed by the Union for a term of at least one (1) year. The College President and the Union Executive Committee shall establish an initial meeting schedule. More frequent meetings may be held with the mutual agreement of the Committee and the College President. In order to ensure orderly and productive results, an agenda shall be developed by both the Committee and the College President and transmitted at least five (5) days prior to the scheduled meetings. Minutes shall be kept of all meetings and distributed to all participants and the District President. Such minutes shall be distributed on a timely basis. It is agreed by the parties that the Academic Advisory Committee shall not be involved in any matters regarding the administration of this agreement.
4. Additional advisory committees (or other advisory bodies) may be created by the Employer as it may determine. In such instances, the number of Faculty Members and the duration of terms on the committee will be determined by the Contract Administration Committee, but shall include at least one (1) Faculty Member. Such Faculty Member(s) shall be appointed by the Union. Exemptions from such application are lay advisory committees, student committees, subcommittees of the Board, the District Grievance Committee or committees convened for the purpose of selecting classified employees.

Appointments to committees shall be made on a timely basis, but in no event later than thirty (30) days after the vacancy is known. Failure of the committee to act or to determine a recommendation in a timely fashion shall not act as a bar to administrative actions.

5. Adjuncts, College Governance and Committees. Adjunct involvement in College Governance and College Committees is recognized as an important component in effective, representative and inclusive governance of the College. The College shall

encourage and support adjunct faculty participation in college committees and other college service. In accordance with the College's appointment procedures and committee composition, Adjuncts may serve on college governance committees, with the exception of search committees, as appointed by the faculty union provided that such appointments to each committee do not represent more than half of the faculty positions on committees, unless otherwise approved by CAC. Adjunct faculty appointed to college governance committees shall receive compensation for time spent in committee meetings based on their step on the 35WW column of the Adjunct pay scale.

In addition, in certain circumstances, an institutional need may be identified where it is determined that the expertise of an Adjunct Faculty Member is needed to support the work of a particular committee or work group. In those circumstances, if the need is mutually agreed upon between the Administration and the Union, the participating Adjunct Faculty Member(s) will receive compensation based on their step on the 35WW column of the Adjunct pay scale.

SECTION D. NEW PROGRAM REVIEW. Faculty will be provided an opportunity to provide input on new degrees and certificates prior to formal steps that lead to the implementation of new degrees, including curriculum committee approval, State Board approval, or accrediting body authorization. New degree or certificate proposals will be brought to instructional council for review by instructional department chairs and administrators and made available for department chairs to lead a review and feedback process for at least two weeks. Proposals shall include anticipated fiscal, enrollment, and staffing impacts and plans. In the case that there is an emergent opportunity to pursue a new program during a period of time when faculty are not on contract (i.e. summer or intersession periods) the College will convene a majority of Instructional Council to provide the input and feedback on proposed new programs. Service during these periods of time will be compensated at the 35 WW rate.

 - i. Whenever a Faculty Member's work is likely to lead to the development of jointly-owned materials, the Faculty Member and the College should attempt to agree prior to the beginning of work on an equitable allocation of any returns from the jointly-owned materials.
 - ii. Where no such agreement is reached prior to the development of jointly-owned materials, the Faculty Member and College will agree no later than the time of sale of any jointly-owned materials on an equitable allocation of the proceeds from those materials.
2. The College retains a right to royalty-free use of any patentable or copyrightable materials developed by College Faculty (other than books and materials available from a publisher through normal distribution channels) when the development of such materials was advanced through the use of College facilities, supplies equipment or staff services. This right exists even if the materials do not constitute College-owned or jointly-owned materials as defined above (e.g., where use of facilities by a Faculty Member was not substantial).

SECTION G. ADDITIONAL RIGHTS. Additional rights of Faculty Members concerning Tenure, a grievance procedure and personnel records are described in detail in other Sections of this Agreement.

ARTICLE XII – PERFORMANCE EXPECTATIONS

SECTION A. The Employer and the Union are dedicated to maintenance and improvement of a comprehensive community college as defined by the State of Washington’s Community College Act of 1967 and the Strategic Plan of this District. Essential to this end is the development of a competent, student-oriented, secure and dedicated staff which is uniquely qualified to meet the needs of the Whatcom County area. Both parties to the Agreement are determined to explore and implement new ways in which to improve the professional standards and the professional competency of the staff at Whatcom Community College.

Faculty are committed to participate in routine institutional evaluations which will include the evaluation of Programs and Administrators as well as Faculty. Assistance shall be provided to facilitate the evaluation process.

SECTION C. The College will provide all Faculty Members with information regarding performance standards and assessment procedures to be used during their employment. This will be supplied when the Faculty Member assumes an assignment. Individual faculty student success data shall not be solely used in an evaluative or disciplinary manner against the faculty.

 - b. If, during the three (3) year cycle, a supervisor identifies an area for additional support, they may provide such suggested support through the faculty remediation process outlined in Article XVII.
 - c. During the third year of the individual faculty member's three-year cycle, each faculty member will meet with their supervisor to discuss the faculty member's professional growth from the three (3) year cycle.

ARTICLE XIII – GRIEVANCE PROCEDURE

SECTION A. A grievance is hereby defined as a complaint or claim against the Employer by Faculty Member(s) or the Union arising out of the interpretation or application of any alleged violation by the Employer of the terms of this Agreement. Such grievances shall be handled in the following manner:

1. Step One. The grievant and the Union representative shall orally present the alleged grievance to the immediate Administrative supervisor or if against the immediate supervisor, then presented to the next higher-level supervisor. If the grievance is not adjusted orally, the grievance shall be reduced to writing, dated and signed by the grievant and the Union representative and shall state the specific factual basis of the grievance, the provision or provisions of the Agreement involved and the remedy sought.

The immediate Administrative supervisor shall be given the written grievance and they shall note receipt of the same by countersigning and dating the original grievance and shall give a copy of the grievance to the Union representative. The immediate Administrative supervisor shall answer the grievance in writing within five (5) calendar days thereafter and shall concurrently send a copy of the grievance and the answer to the Union.

2. Step Two. If no settlement is reached at Step One, the written grievance may be submitted to the College President or his/her designated representative, provided it is filed with the College President or his/her designated representative not more than seven (7) calendar days after it is answered in Step One. Representative(s) of the Union will be present at any meeting called to consider the grievance at this Step. The College President or his/her designated representative shall send his/her written answer to the Union within seven (7) calendar days if a Step Two meeting is held.
3. Step Three. If no settlement is reached at Step Two, the Union may, at its sole discretion within seven (7) calendar days after the date of the Step Two answer, request by written notice to the Employer that the grievance be arbitrated, provided that the grievance presents an arbitrated matter as herein defined.

SECTION B. With respect to Section A of this Article, the following time limits are established. Any grievance not presented to the Employer in writing as provided in Step One of Section A above within twelve (12) calendar days after the aggrieved should reasonably become aware of the facts on which the grievance is based, shall be waived for all purposes. In addition, if any other Steps or actions provided for in Section A of this Article are not taken or appeals therein provided for not taken or filed or notice not given within the time limits therein specified by the grievant or the Union, then the grievance shall be deemed finally closed and settled on the basis of the Employer's last answer. Failure by the Employer to comply with Step One time limitations shall automatically evoke Step Two. Failure by the Employer to comply with Step Two time limitations shall constitute acceptance of remedy requested.

SECTION C. Matters subject to arbitration shall be referred to the American Arbitration Association under Voluntary Rules.

Only grievances which are presented to the Employer in writing during the term of this Agreement and which are processed in the manner and within the time limits herein provided shall be subject to arbitration.

SECTION D. Jurisdiction of the arbitrator is limited to:

1. Adjudication of the issues which, under the express terms of this Agreement and any subsequent Agreement, are subject to arbitration; and
2. Only matters which are applicable to the particular issue presented to the arbitrator.
3. The rendition of a decision or award which in no way modifies, adds to, subtracts from, changes or amends any terms or condition of this Agreement or which is in conflict with the provisions of this Agreement; and
4. The rendition of a decision or award which does not grant relief extending beyond the termination date of this Agreement or any renewal or extension thereof; and
5. The rendition of a decision or award in writing which shall include a statement of the reasoning and grounds upon which such decision or award is based; and
6. The rendition of a decision or award based solely on the evidence and matters presented to the arbitrator by the respective parties in the presence of each other and the matters presented in the written briefs of the parties; and
7. The rendition of a decision or award within thirty (30) calendar days of the date of presentation of written briefs by the parties unless waived by the parties.
8. The arbitrator shall decide all substantive and procedural arbitration issues arising under this Agreement. Upon request of either party, the merits of a grievance and the substantive and procedural arbitration issues arising in connection with that grievance, shall be consolidated for hearing before the arbitrator provided that an arbitrator shall resolve the arbitrability of a grievance before hearing the merits of the grievance.
9. No arbitrator shall have the authority to remand an issue back to the parties for negotiations.

SECTION E. The fees and expenses of the arbitrator shall be borne equally by the Employer and the Union. The decision of the arbitrator within the time limits herein prescribed shall be final and binding upon the Employer, the Union and the Faculty Member(s) consistent with the terms of this Agreement.

SECTION F. GENERAL.

1. All matters pertaining to a grievance shall, at the request of any party involved in the grievance, be deemed confidential information and shall not be unnecessarily related,

disclosed or divulged by any participant in the grievance process or by any Employee or agent of the District.

2. Documents, communications and records prepared or collected by the District in connection with a grievance shall not be placed in a grievant's regular personnel file but shall instead be maintained in a separate file.
3. No Faculty Member of the District who is involved in or participates in a grievance proceeding shall be subjected to any restraint, interference, discrimination, coercion or reprisal as a result of that involvement/participation.
4. Nothing in this Article shall be construed to preclude the right of a Faculty Member to bring concerns about matters not covered by this Agreement to the attention of the appropriate Employer representative.
5. No application of the terms or procedures of Articles XVI, XVII (sections C-E), XVIII, or XIX shall be subject to processing under the grievance procedure.

1. Courses related to an Employee's discipline or teaching area, courses taken as part of a degree program approved by Whatcom Community College for staff development purposes. As well as individual professional development, a need is seen for development of professional relationship within the College.
2. Seminars, colloquia, workshops, etc., of specific professional interest and seminars, workshops, institutes, etc., sponsored by industrial and/or professional organizations of a more general professional nature.
3. Job related participation in field work, clinical experience, domestic or foreign travel, independent research and development activities in excess of the normal contractual obligations of the Faculty Member, creative activity and independent study.

ARTICLE XVI – RULES AND REGULATIONS GOVERNING TENURE

SECTION A. PURPOSE. Consistent with RCW 28B.50.850-869, the Board of Trustees of Community College District No. 21 hereby establishes the following rules and procedures on Faculty Tenure and probationary employment, the purpose of which is three-fold:

1. To protect Faculty Appointment rights and Faculty involvement in the establishment and protection of those rights at Whatcom Community College and all subsequent community college campuses hereafter established within Community College District No. 21; and
2. To define a reasonable and orderly process for appointment of Faculty Members to Tenure status; and
3. To assure that Tenure is granted to Faculty Members of such character and instructional ability that the District, so far as its resources permit, can justifiably undertake their continuous employment.

SECTION B. DEFINITIONS. As used in this Article, the following terms and definitions shall mean:

1. “Appointing Authority” shall mean the Board of Trustees of Community College District No. 21.
2. “Tenure” shall mean a Faculty Appointment for an indefinite period of time which may be revoked only for sufficient cause and by due process.
3. “Faculty Appointment” shall mean Full-time employment as a Teacher, Counselor, Librarian or other position for which the training, experience and responsibilities are comparable as determined by the Appointing Authority, except administrative appointments. Faculty Appointment shall also mean administrators who have had or do have status as a Teacher, Counselor or Librarian. Faculty Appointments shall not include individuals hired from special funds as provided in WAC 131-16-400.
4. “Probationary Faculty Appointment” shall mean a Full-time Faculty Appointment for a designated period of time which may be terminated without cause upon expiration of the Probationer’s terms of employment.
5. “Probationer” shall mean any individual holding a Probationary Faculty Appointment.
6. “Administrative Appointment” shall mean employment in a specific Administrative position as determined by the Appointing Authority.
7. “President” shall mean the President of Community College District No. 21 or in the President’s absence, the Acting President.
8. “College” shall mean Whatcom Community College, Community College District No. 21.
9. “Probationary Review Committee” shall mean a committee composed of three (3) Tenured Faculty Members who hold Faculty Appointments, one (1) student representative who shall be a full-time student chosen by the Student Association of the College and one (1) member with Administrative responsibilities.

A separate Probationary Review Committee shall be established for each Full-time Probationer which shall serve as a standing committee until such time as the Probationer is either granted Tenure or their employment in a Probationary Faculty Appointment is terminated. Each Probationary Review Committee shall be composed of five (5) persons, three (3) of whom shall be Tenured Faculty Members selected in accordance with RCW 28B.50.869. At least one (1) of these Faculty shall be a subject area peer of the Probationer, provided such an individual meets the previous qualifications. The President shall appoint one (1) administrative staff as the fourth member of the Committee. It shall be the responsibility of the Presidential appointee to call the first meeting of the Probationary Review Committee. The fifth member shall be a full-time student chosen by the Student Association. The Committee shall choose one of its members as a chairperson. If a vacancy occurs on the Committee, the same process for selection of a replacement shall be followed as applied in the selection of the original member. Furthermore, the composition of the Committee for Probationary Faculty members appointed prior to the effective date of this policy will be made within thirty (30) days following its adoption.

10. "Full-time" shall mean an appointment which requires the appointee's fulfillment of full time responsibility with a full-time load as defined in this Agreement between the Employer and the Union.

SECTION C. DUTIES AND RESPONSIBILITIES OF PROBATIONARY REVIEW COMMITTEES.

1. The general duty and responsibility of the Probationary Review Committee shall be to assess and advise the Probationer of professional strengths and weaknesses and to make reasonable efforts to encourage and aim the Probationer to overcome identified deficiencies in the assigned responsibilities and expectations outlined in Article V, Section A.
2. The Probationary Review Committee shall meet at the call of the chair, when in their discretion the need for such a meeting arises, provided that the Committee shall meet with the Probationer at least twice during each of the first two (2) quarters of employment and once during all other quarters and additionally, within ten (10) days of the receipt of a written request setting forth good cause to meet as directed to the chair by the Probationer.
3. The substance of all meetings will be recorded in written form and will be forwarded through administrative channels to the appropriate Administrator or College President. Observed deficiencies should be put in writing and discussed in conference as soon as possible. Both the Committee and the Probationer must be aware that the primary purpose of the Committee, in addition to monitoring and evaluation, is to assist the Probationer in meeting the requirements of the assigned duties and in fulfilling the objectives set by the Committee. The written records of all conferences, reports and evaluations will be disclosed to and confirmed by the Probationer as an indication that the Probationer has knowledge of all probationary information.

4. The first order of business for each Probationary Review Committee shall be to establish the procedure and develop the criteria it will utilize in evaluating the performance and professional competence of the Full-time Probationer assigned thereto.

The Committee's evaluation of the Probationer shall be directed toward and result in the determination of whether or not the Probationer possesses the knowledge, skills, and abilities to perform effectively in the faculty appointment. The Review Committee will be responsible for furnishing the Probationer with appropriate performance criteria and objectives in written form, to include the methods of performance evaluation to be used. Such procedure shall provide the Probationer with the right to appear before the Committee and make presentations. A Probationary Review Committee's evaluation procedures should include the following:

- a. Classroom observations requested by members of the Probationary Review Committee (could be by committee members or other identified college employees or students) or equivalent process defined by the committee for a non-teaching faculty;
 - b. Student feedback , or an equivalent process defined by the committee for non-teaching faculty;
 - c. Assessment of the Probationer's participation in professional activities; and
 - d. Self-evaluation, following the guidelines published in the Tenure Handbook.
5. Each probationary Review Committee shall be required to conduct an ongoing evaluation of the Full-time Probationer assigned thereto and render the following written report to the Probationer and the President on or before the designated times during each regular College year such appointee is on probationary status; or, as is also required within fifteen (15) days of the President's written request therefore:
 - a. A written progress report after fall quarter outlining the Probationer's strengths and weaknesses. This report should also include a list of steps that can be taken by the Probationer to improve their deficiencies.
 - b. A written evaluation of each Full-time Probationer's performance including the degree to which the Probationer has overcome stated deficiencies on or before February 15 of such year. The Review Committee shall obtain the Probationer's written acknowledgment of receipt of the written evaluation. The Probationer shall have the right to answer the evaluation report in writing and attach their answer to the report.
 - c. A written recommendation that the Appointing Authority award or not award Tenure, to be submitted prior to January 15th of the Probationer's eighth regular college quarter of appointment. The submission of all tenure materials, including the recommendation, will follow the guidance and process outlined in the Tenure Handbook as reviewed and approved by the Contract Administration Committee. The Probationary Faculty Member shall have the right to submit to the Appointing Authority, through the President, an oral or written answer to an adverse report

and/or recommendation. Failure by the Probationary Review Committee to make such written recommendation by the designated deadline shall be deemed a recommendation neither for nor against the awarding of Tenure and the Appointing Authority may award nor deny Tenure based upon this type of recommendation by the Probationary Review Committee.

6. By the end of the third week of the spring term each academic year, PAC will submit recommendations for revision to the Tenure Handbook to the Contract Administration Committee.

The Office of Instruction shall be responsible for distribution of the revised guidelines to all Tenure subcommittees before the end of the second week of the ensuing fall term.

7. The final decision to award or withhold tenure shall rest with the Appointing Authority after it has given reasonable consideration to the recommendations of the Probationary Review Committee.
8. All written evaluations and recommendations prepared and submitted by a Probationary Review Committee pursuant to these rules shall include the Committee's finding and supportive data and analysis.
9. Not later than one (1) complete quarter, except summer quarter, before the expiration of the Probationary Faculty Appointment, the Appointing Authority shall notify the Probationer of the decision to either grant Tenure or not renew the Probationary Appointment for the ensuing year. Nothing herein shall be construed to preclude the Board of Trustees from granting Tenure at any time.
10. This appointment to Tenure is effective until the Faculty Member resigned or is dismissed for "sufficient cause" and by due process.

SECTION D. RECOMMENDATION FOR A FOURTH YEAR OF PROBATIONARY STATUS – RATIONALE, PROCESS, CONTENT AND TIMELINE:

Rationale for a Recommendation for a Fourth Year of Probationary Status: Washington state policy allows for the extension of the Tenure Probationary period in those instances when a clear decision is not feasible. A request to the Board of Trustees for the fourth-year extension must be initiated by the Probationary Review Committee with the full assent of the Probationer. The request for the recommendation for a fourth year of probation should be based on agreement by all parties that the record of performance indicates fundamental strengths in all categories, but also indicates specific areas needing improvement before an award of Tenure. The recommendation should be a rare exception in the College's Tenure process and it should not be employed to merely avoid or suspend a difficult decision in a Tenure case.

In requesting a fourth year of the Probationary Tenure period, the Probationary Review Committee will prepare a recommendation that identifies the strengths and areas of deficiency and all members of the Committee, including the Probationer, shall sign indicating their concurrence with the recommendation and the designated strengths and weaknesses. The

Tenure Notebook shall support the claim by the Committee that, with the allowance of a fourth year, the Probationer shall successfully complete the Tenure process.

Professional Improvement Plan: A recommendation for granting a fourth year of probationary status shall include an additional document in the Tenure Notebook: a Professional Improvement Plan. The Plan shall be assembled by the Probationer with the assistance of the Probationary Review Committee. The Plan shall identify specific areas of deficiency and delineate effective strategies for addressing them. All Committee members, including the Probationer, shall sign to indicate their concurrence about areas of deficiency as well as effective strategies for improvement.

Year Four Recommendation: The document submitted in the fourth year to support the Committee's recommendation for the award or denial of Tenure, unlike the third-year document, shall not be a fresh attempt to summarize the case; rather, for the sake of clarity, the fourth-year document shall review the information in the third-year document as a base and additional information and materials should focus on the candidate's success in addressing the areas designated for improvement.

Timeline: At the completion of the Probationer's fourth year, the recommendation from the Probationary Review Committee for the award or denial of Tenure shall be submitted by January 15th of the eleventh quarter of service, unless the extension of the probationary period has been specifically designated as one (1) term or two (2); in those instances, the deadline for submission of the year four (4) recommendation shall be declared by the Board of Trustees with their decision to grant the extension.

Recommendation for a Fourth Year of Tenure should occur rarely. Hiring and Tenure processes, if effective, should ensure strong preparation for Faculty and evidence for decisions.

SECTION E. DESIGNATION OF ADMINISTRATIVE APPOINTMENTS. A tenured faculty member, upon appointment to an Administrative position, shall be allowed to retain Tenure as a faculty member. However, persons assigned Administrative responsibility and authority will occupy positions for which the privileges of tenure cannot be extended. Administrative positions for such purposes shall be defined as those exempt appointments not in the bargaining unit.

ARTICLE XVII – REMEDIATION, PROGRESSIVE DISCIPLINE, AND DISMISSAL OF FACULTY

Remediation and discipline are separate processes. At the beginning of either process, the faculty member will be informed via email which process is being employed and will be informed of their right to contact the union or another representative to attend any meetings with the faculty member. If a faculty member includes a representative in a meeting it is understood that permission has been given in the meeting for the representative to hear all details pertaining to the matter at hand. Both processes shall be initiated at the lowest level appropriate to the behavior. This does not preclude the College from an informal conversation with faculty that is not part of any of these 3 processes.

The College will follow progressive steps that include remediation (e.g., coaching, conversation, training) and, if necessary, disciplinary action (e.g., written reprimand, suspension with or without pay). Behaviors that are inconsistent with the expectations of faculty work assignment(s) shall first be addressed through remediation. The goal of remediation is faculty growth and improvement to consistently meet work assignment expectations. The remediation process is outlined in Section A, below. Disciplinary actions occur based on unsatisfactory performance behaviors and are taken either when remediation does not resolve the area(s) identified for growth, or when violations of law or policy occur. Disciplinary action shall occur as outlined in section B, below.

In cases where behavior is in violation of state or federal law (such as Title IX) the college will follow any processes mandated by the law that are violated. While this process is intended to support the faculty member, federal and state law must supersede contract language. The executive faculty union will be notified when federal or state laws change.

Dismissal may occur if remediation and discipline are not successful, or if state/federal laws require such action. The dismissal process is outlined in section C, below.

Grievances related to remediation and progressive discipline procedures in this article follow the grievance guidance outlined in Article XIII.

SECTION A. REMEDIATION.

1. Purpose of Remediation Process

Remediation is a progressive, non-disciplinary process used to address performance difficulties, where professional growth is reasonably likely to occur through mentoring, training or some other form of assistance. Remediation is intended to promote growth and identify expectations for future conduct.

2. Cause for Remediation and Due Process

If a supervising administrator believes that cause for remediation may exist, they will exercise due diligence in inquiring, collecting information, and applying equitable

remediation practices across faculty. Faculty have the right to be informed of the issues related to the inconsistent performance, the information/evidence collected, and the right to respond verbally and/or in writing. Causes leading to the remediation process may include, but are not limited to:

- a. A pattern of failure to fulfill professional responsibilities, per Article V (workload);
- b. A pattern of incomplete or late submission of documents and/or failure to respond to work related email;
- c. A pattern of formal student complaints;
- d. A pattern of complaints regarding clinical site work;
- e. Recurring program accreditation evaluation complaints that are within the faculty's control;
- f. A pattern of excessive absenteeism or re-occurring failure to meet classes or attend committee assignments regularly;
- g. A pattern of failure to follow college policies, procedures and state and federal laws related to employment at the College.

3. Initiation of Remediation Process

- a. All faculty are expected to perform the duties and responsibilities of their work assignment(s) as described in Articles V, and to comply with Board Policies, the College's administrative policies and procedures, and state and federal laws related to employment at the College.
- b. When a supervising administrator, consistent with Section 2 above, determines that cause for remediation exists, informal or formal remediation will be initiated. The determination of whether informal or formal remediation will be consistent with Section 4 below. The supervising administrator will inform the faculty of the need for remediation and schedule follow-up meetings.
- c. Faculty may request WCCFT union representation at any remediation meetings. It is the responsibility of the faculty to contact the union for representation.

4. Informal vs. Formal Remediation

- a. Informal remediation is appropriate when inconsistent performance emerges, the impact is minor, and the faculty recognizes the performance issue and accepts the proposed remediation. The plan and verification of completion may be verbal or written, as mutually agreed upon by both parties.
- b. Formal remediation is appropriate in situations where a documented pattern of performance exists, the impact on the college is significant, and/or the faculty directly disputes the need for remediation or the remediation proposed. Formal remediation may also be used in the event that an informal attempt at remediation is unsuccessful.

- i. A confidential meeting will be scheduled at a mutually convenient time between the faculty, the appropriate supervising administrator, and a union representative if requested. Others may attend the meeting if mutually agreed upon by both parties.
 - ii. The supervising administrator will give a written notice of the inconsistent performance issue(s) in writing to the faculty at least 5 contract days before the meeting. The written notice will state the specific performance issue(s) to be remediated, an explanation for the need to develop an improvement plan, a list of potential remediation activities, and the consequences of not completing the plan and improving performance.
 - iii. The supervising administrator and the faculty will then seek to develop a mutually-agreed upon remediation plan including the items specified in Section 5 below.
 - iv. When a mutually agreed upon remediation plan is reached, both the supervising administrator and the faculty sign a final copy. If the faculty does not agree that formal remediation is warranted, or does not agree with the plan, the grievance procedure may be used for resolution.
5. Remediation Plans: Whether formal or informal, remediation plans should address the following:
 - a. A clear description of the performance issue(s), including specific evidence indicating the performance issue(s) to be addressed; and
 - b. Specific actions to be taken, along with timelines and milestone events; , which may include but are not limited to:
 - Mentoring by other faculty;
 - Self-guided education;
 - Coaching by appropriate third party;
 - Additional training in the skill area(s) needing improvement.
 - c. A method for verifying completion of actions and expectations for maintaining satisfactory performance.
 - d. The next step(s) of not complying with the plan.

For formal remediation plans, the details described in a-d above will be specified in writing, signed by the faculty and the supervising administrator and placed in the faculty's personnel file. This document will also identify a date when the faculty may request HR remove the plan from their personnel file. The date shall not to exceed one calendar year from the date of the signed plan. Should circumstances arise that impact the execution of the plan either party may request revisions to the plan. Requests must be in writing. The mutually agreed upon amended plan will be signed by both the

supervising administrator and the faculty and will accompany the original remediation plan in the personnel file.

SECTION B: DISCIPLINARY ACTION.

1. Purpose of Disciplinary Action

- a. All faculty members are expected to perform the duties and responsibilities of their work assignment, as referenced in Articles V, and to comply with Board policies, the College's policies and procedures, and state and federal laws. Discipline is a response to a violation of this Agreement or any Board policies; the College's rules, regulations, and administrative policies and procedures; state and federal law related to employment at the College. It is not appropriate for patterns of inconsistent performance that may be corrected through the process outlined in Section A: Remediation. However, failure to participate in or complete remediation plan may initiate the disciplinary process.
- b. Just cause for disciplinary action rests with the College.
- c. When deemed appropriate by the College President or designee, a faculty member may be placed on paid leave pending the outcome of an investigation. The Union President will be notified of the paid leave action by Human Resources. Disciplinary actions involving misconduct that may lead to dismissal will follow the procedure established in Section C of this article.

2. Progressive Discipline

- a. The College shall apply, whenever possible, principles of progressive discipline (e.g., written warning, verbal reprimand, written reprimand, suspension with or without pay).
- b. The College will not be required to apply progressive discipline where the nature of the misconduct calls for the imposition of serious discipline or discharge, as identified by state or federal law.

3. Right to Representation

- a. A faculty member shall have the right to have representation present at an investigation interview or meeting called by the College. Once a request for representation is made, the College will postpone any meetings at the request of a faculty member to allow them to obtain representation.
- b. Faculty seeking representation are responsible for contacting the representative of their choice. If the faculty member's choice of representative is not available for the scheduled investigative interview or disciplinary meeting, the meeting will be postponed for up to ten (10) contract days to arrange for a representative to be present. If the matter is such that the College cannot postpone the meeting for up to 10 contract days, the faculty will be given as much time as the College can legally provide. Any necessary changes to a scheduled investigative interview will be sent in

writing to the faculty member and a copy to the Faculty Union representative prior to the rescheduled interview.

- c. The exercise of rights for representation will not interfere with the College's right to conduct an investigation. The role of the representative is to provide assistance and, in the case of legal representation, to counsel the Faculty.

4. Informal Resolution

- a. Although some matters under law require mandatory reporting, other than such exceptions, nothing in this Agreement precludes the supervising administrator from attempting to resolve any matter, allowable under the law, informally with a faculty member.
- b. If, during a meeting between the supervising administrator and the faculty member, the supervising administrator concludes that discipline could reasonably result from the information provided by the faculty member, the meeting shall be paused upon the faculty's request to allow for representation from the union or other choice of representation (e.g., attorney).

5. Formal Discipline and Just Cause

- a. The College has the authority to impose discipline
- b. In limited instances where Articles within this negotiated Agreement conflict with the policies and procedures required by state or federal laws, these laws take precedent.
- c. In imposing discipline, no faculty member shall be disciplined without just cause, which includes the tests of: notice, reasonableness, investigation, fair investigation, proof, equal treatment, and penalty. The descriptions of these tests shall be mutually agreed upon between the union and administration.

6. Notice to Faculty Member

Prior to taking disciplinary action, other than a verbal reprimand, the appropriate administrator will issue a written "Notice of Proposed Disciplinary Action" to the faculty member. Such notice will list the unsatisfactory performance/issue, an explanation of the evidence, and the action contemplated. The notice will also provide a meeting date and time at which the faculty member, with the assistance of an WCCFT or other representative if requested by the faculty member, may provide information and reasons orally or in writing why the discipline should not be imposed.

7. Imposition of Disciplinary Action

Once the supervising administrator has considered the information provided by the faculty member in Section 6, if they still determine disciplinary action is warranted, the faculty member will be provided a "Letter of Disciplinary Action." This letter shall be placed in the faculty's personnel file and the faculty has the right to attach a response letter.

8. Privacy

When disciplining a faculty member, the College will make every effort to protect the privacy of the faculty member, unless otherwise required by law.

9. Personnel Files

- a. Upon request by a faculty member to Human Resources, records of disciplinary action older than three (3) years will be removed from their personnel file provided there has been no subsequent discipline and with the exception of violations of affirmative action policies, discrimination or harassment as required by law, or where statutes require that records be kept for more than three years. For informational purposes, Human Resources will notify supervisor that the faculty has requested removal.
- b. The faculty member is responsible for contacting the HR office for review and removal of disputed documents in their personnel file.
- c. Nothing in this section would prevent the College from agreeing to an earlier removal date, providing such removal is consistent with the public records retention requirements in state law, including but not limited to RCW 41.06.450

10. Investigations and Discipline during academic break

- a. Both parties recognize that investigations and discipline during non-contracted breaks (e.g., winter break, summer) present a difficulty to faculty who are not being paid, who are often away from campus, and who may have difficulties securing union representation.
- b. Both parties also recognize that the College and Union have due diligence and duty of fair representation responsibilities for cases that may arise during these times.
- c. If a complaint is received about a faculty member during any period in which the College is not in session or during an academic quarter in which the member is not working, the College will suspend the investigation until the faculty is again under contract. If the College reasonably believes a complaint could result in suspension without pay or dismissal, or is required by law to investigate, the College may commence its investigation immediately.
- d. Faculty not on contract who are identified in such an investigation, or acting as union representation for said faculty, shall be compensated at the faculty's 35ww rate.

SECTION C. STATEMENT OF CAUSE FOR DISMISSAL. When reason arises to question the fitness of a Tenured or Probationary Faculty Member, it shall be the policy to attempt to resolve the matter without instituting the formal dismissal procedures. Furthermore, it shall be the policy that a Tenured Faculty Member shall not be dismissed nor shall a Faculty Member who holds a Probationary Faculty Appointment be dismissed prior to the written terms of the appointment without just cause. The seven tests of just cause, as listed in Section B.5.c above (Formal

Discipline Section), shall apply here as well. Reasons for dismissal shall include, but is not limited to:

1. Aiding and abetting or participating in:
 - a. Any unlawful act of violence;
 - b. Any unlawful act resulting in destruction of Community College property;
 - c. Any unlawful interferences with the orderly conduct of the educational process;
2. Incompetency;
3. Willful or knowing violation of District policies, rules or regulations;
4. Illegal conflict of interest;
5. Reduction-in-Force (RIF) as described in Article XVIII of this agreement;
6. Significant or sustained breach of negotiated faculty agreement.

SECTION D. INITIATION OF DISMISSAL PROCEEDINGS.

When the President initiates a formal written complaint about a Tenured Faculty Member which may warrant dismissal, the President shall inform that Faculty Member with a statement of cause.

1. The President shall meet with the Faculty Member, the Vice President for Instruction and designated supervisor. The Faculty Member may request a Union representative and/or up to two (2) additional individuals, chosen by the Faculty Member, to attend the meeting and any subsequent meetings.
2. This preliminary meeting shall be an information gathering session. The meeting may result in one (1) of the following actions, which shall be communicated in writing by the President within fifteen (15) calendar days of the preliminary meeting:
 - a. Case closed;
 - b. Dismissal recommended;
 - c. Not closed, but dismissal is not recommended.
3. When the result is option D.2.c., the Faculty Member shall produce a professional plan which addresses the President's finding and ensures resolution of the issues. The professional plan shall be signed by the Faculty Member and submitted to the President or his/her designee within fifteen (15) calendar days for review and approval. The President or his/her designee shall notify the Faculty Member of his/her decision within fifteen (15) calendar days. The professional plan shall identify specific activities for the Faculty Member's improvement, a timeline for completion of the activities and designated evaluation periods to assess and report on progress.
4. If the case is not closed, but dismissal is not recommended (D.2.c.): using the agreed upon professional plan described in Section D.3., the Faculty Member shall meet with

the Vice President for Instruction and designated supervisor, and/or Department Chair and Division Chair to implement and assess progress on the professional plan.

5. At the end of the review period agreed to in the professional plan, the President shall call a meeting of the Faculty Member and the Vice President for Instruction and designated supervisor. A report of all findings including a recommendation by the appropriate Administrator shall be submitted to the President or designee. The recommendation shall provide for: dropping the charges of deficiency; review at a designated later date; or dismissal procedures. The President or designee shall notify the Faculty Member of his/her decision within fifteen (15) calendar days following this meeting.
6. If a professional plan is not submitted and/or approved, the President shall inform the Faculty Member in writing which of the remaining two (2) options in Section D.2 shall occur. This written notification shall be delivered within fifteen (15) calendar days from the due date of the professional plan described in Section D.3.

SECTION E. DISMISSAL REVIEW COMMITTEE AND DISMISSAL PROCEDURES. The establishment of a Dismissal Review Committee and all further dismissal procedures shall be conducted in accordance with Article XIX, Hearing Procedure for Dismissals.

ARTICLE XVIII – REDUCTION-IN-FORCE POLICY

SECTION A. PURPOSE. This Article shall govern Reduction-in-Force (RIF), which is deemed to constitute sufficient or adequate cause for dismissal/termination of Probationary Faculty Members prior to the written term of their individual appointment or Tenured Faculty Members. Reduction-in-Force shall include, but not be limited to, any of the following grounds:

1. Inadequate funding to the College or to a specific Program or individual discipline within the College.
2. Program termination or reduction.
3. Significant decreases in enrollment in the College or in some Program or individual discipline.
4. Changes in educational policy.
5. State Board for Community and Technical Colleges declaration of financial emergency pursuant to RCW 28B.50.873 under the following conditions:
 - a. Reduction of allotments by the Governor pursuant to RCW 3.88.110(2) or
 - b. Reduction by the Legislature from one biennium to the next or within a biennium of appropriated funds based on constant dollars using the implicit price deflator.

Nothing in this Reduction-in-Force policy shall be construed to affect the decision and right of the Appointing Authority not to renew a Probationary Faculty Appointment without cause pursuant to RCW 28B.50.857.

SECTION B. REDUCTION-IN-FORCE PLANNING PROCESS.

1. Reduction-in-Force Units and Procedures for Assignment.
 - a. Reduction-in-Force units shall be identical to the academic disciplines in Article IV, Section C. Each Tenured and Probationary Faculty Member shall be assigned to only one (1) of these units based upon the Faculty Member's major assignment.
 - b. The Contract Administration Committee will develop and recommend a Reduction-in-Force list to the President annually. This list will be distributed to Full-time Faculty Members prior to the conclusion of fall quarter. The list shall rank each Faculty Member in the appropriate unit in accordance with the seniority procedures defined herein and shall designate whether the individual is a Probationary or Tenured Faculty Member.
 - c. Full-time Faculty Members who hold special-funded positions (such as grant funding or temporary allocation funding) and Non-Faculty Members who hold Tenure under the laws of the State of Washington shall be included in the above lists for informational purposes only.

- d. Disputes regarding Reduction-in-Force unit assignments shall be appealed to the Contract Administration Committee and if not resolved, shall be submitted to the President.

2. Order of Reduction.

- a. Prioritizing of Courses, Programs and Services. If the number of Faculty Members is to be reduced, the President, after consultation with the Contract Administration Committee and with such other advice the President deems necessary, shall decide which courses, Programs and services are most necessary to maintain quality education and support the College's mission.

The President shall declare (same notice as referenced in D.1.a) the duties associated with such courses, Programs and services to be essential and thus not subject to Reduction-in-Force. Consultation with CAC may include verifying or updating the RIF list and/or reviewing the RIF process. The President consults with CAC at least 10 contract days before moving into the formal procedure section of this article (section D).

In making decisions on reductions, the President may consider factors including but not limited to:

- i. Budget limitations;
 - ii. The enrollment and the trends in enrollment for six (6) consecutive quarters (excluding summer quarters), if applicable and their effect upon each area or Program;
 - iii. The past, present and anticipated needs and use of services of the College by its students and prospective students;
 - iv. Information concerning Faculty and Administrative vacancies occurring through retirement, resignation and professional and other leave;
 - v. Changes in educational policies and goals;
 - vi. Ability to meet federal, state, or accreditation requirements;
 - vii. Staffing needs.
- b. Selection of Individuals.

- i. If a reduction is determined to be necessary within a Reduction-in-Force unit, the President shall observe the following order of lay-off:

First—Full-time Probationary Faculty Members in order of least seniority.

Second—Full-time Tenured Faculty Members in order of least seniority.

The above order and/or application of seniority may be interrupted in the event that:

- 1. Strict adherence to it would result in no qualified individual being available to fully perform all duties of an essential course or Program, such as a less

senior faculty member only having required credentials to ensure program compliance, accreditation, or certification;

- ii. A Faculty Member affected by a Reduction-in-Force may be reassigned to another area provided professional qualifications are adequate. Such reassignment shall be made by the President following recommendation from the Vice President for Instruction, designated supervisor and Department Chair in the area of reassignment. The affected Faculty Member will be consulted prior to reassignment. The unavailability of Faculty Members to exercise such an opportunity for consultation shall not bar the reassignment.
- c. Seniority. Seniority shall be determined by establishing the effective date of the first full-time contract for the most recent period of continuous full-time professional service in the Bargaining Unit for Whatcom Community College. This period of continuous service shall include all authorized leaves of absence.

The longest terms of employment as thus established shall be considered the highest level of seniority. In instances where Faculty Members have the same effective date of the first full-time contract, seniority shall be determined by the effective date of the first contract as a Faculty Member at Whatcom Community College. In the event that the Faculty Members are still tied, seniority shall be determined in the following descending order:

- i. First date/time of application submitted for employment.
- ii. Coin toss.

SECTION C. REDUCTION-IN-FORCE IMPLEMENTATION PROCEDURE.

1. Determination of Necessity of Reduction-in-Force.
 - a. In the event that the President determines that a Reduction-in-Force may be necessary, the President shall give notice (same notice as referenced in D.2.a) of the potential Reduction-in-Force and extent thereof to the Union. This notice shall be in writing and shall identify reasons for RIF as well as disciplines, programs, and faculty positions impacted by the RIF conclusion.
 - b. Within ten (10) contract days from the date of this notice, a three- (3-) member Committee of the Union shall be provided with an opportunity to meet with the President regarding the problems arising out of the emergency situation facing the District. The Union representatives and the College President and designees shall meet to: 1) discuss the potential need to implement a Reduction-in Force; 2) discuss any alternatives or options which either party feels are reasonably available; 3) allow the Union representatives opportunity to influence the President's planning; and 4) to provide opportunity for the Union representatives to acquire information necessary to develop a possible alternative proposal. The meetings shall be for the purpose of considering options such as:

- i. Examination of the College budget by the Administration and the Union for the purpose of identifying potential budget savings;
 - ii. The transfer of Faculty Members from one area or Division to another in instances wherein an individual has adequate qualifications;
 - iii. Providing the means by which a Faculty Member threatened by a potential Reduction-in-Force can gain additional competencies in those areas considered necessary to the maintenance of quality education in the District. These means would include Professional Leave priority, transfer to an administrative or non-teaching position, use of activity supervision as part of the academic lead, arrangement of employment schedules, etc.
 - iv. Use of summer quarter as a regular part of the College year, in an emergency situation, to give a Faculty Member a full academic load.
 - v. Encouragement of non-mandatory early retirements in those instances wherein such retirements would result in little or no hardship upon the retiree and would provide a means whereby the College might continue to offer employment to a less senior Faculty Member threatened by Reduction-in-Force.
- During these discussions, the President will document findings by supplying data that may be reasonably produced. Such meetings shall conclude within ten (10) contract days from the date of the notice of potential Reduction-in-Force. In the event that the Union fails to respond to the notice issued by the President or upon the conclusion of ten (10) contract days, the President shall submit recommendations to the Board of Trustees.
- c. In the event the President determines a Reduction-in-Force to be necessary, the President shall develop and submit to the Board of Trustees recommendations regarding the extent of such reduction, including specifics regarding impacted faculty members and programs. Such recommendations shall protect the instructional capacity and flexibility required to maintain the highest quality education possible for students. The Union may also present alternatives to reduction for the Board's consideration.
 - d. The Board of Trustees in its role of Appointing Authority shall make the final determination regarding the necessity of a Reduction-in-Force and extent thereof. Any court review of such decisions shall not act as a stay to any further actions taken by the Board in accordance with this Section.
2. Designation of Remaining Steps. Subsequent steps in the procedure for Reduction-in-Force are specified in Article XIX, Hearing Procedure for Dismissals.

SECTION D. RIGHTS OF LAID-OFF FACULTY MEMBERS. Recall Lists shall be created and maintained for each affected Reduction-in-Force unit at Whatcom Community College. The names of those Faculty Members laid off shall be placed on the appropriate Recall Lists according to seniority. Recall shall be in order of reverse seniority; those qualified Faculty Members at the highest levels of seniority will be the first ones considered for recall. The right

of recall shall extend three (3) calendar years from the date of actual lay-off. No new hire shall be permitted to fill Faculty Member vacancies at the College unless there are no qualified Faculty Members on the Recall Lists to fill the vacancies. The name of any Faculty Member refusing a recall offer shall be removed from the Recall List and said Faculty Member will no longer be considered eligible for recall. It is the responsibility of those Faculty Members desiring recall to furnish the College with the appropriate addresses to which notices and other pertinent recall information can be sent. Upon recall, Faculty Members shall retain all benefits such as sick leave, Tenure and seniority which has accrued up to the day of lay-off.

SECTION E. SPECIAL PROVISION. Upon the request of a Faculty Member laid off for reasons of this policy, the President shall write a letter for presentation to other institutions stating: 1) the reasons for said lay-off; 2) the qualifications of the affected Faculty Member; and 3) any other pertinent information which may be of assistance in securing another employment position.

ARTICLE XIX – HEARING PROCEDURE FOR DISMISSALS

SECTION A. NOTICE OF DISMISSAL. After it is determined that dismissal proceedings should be initiated, the President shall specify the grounds constituting sufficient cause for dismissal, serve written notice of the cause(s) to the affected Faculty Member and provide copies to the Dismissal Review Committee. The notice shall include:

1. A statement of the legal authority and jurisdiction under which the hearing is to be held;
2. A reference to the particular rules of the College that are involved;

In the case of a Reduction-in-Force for reasons set forth in Article XVIII, Section A (5), this shall clearly indicate the separation is not due to the job performance of the Faculty Member and hence, is without prejudice to such Faculty Member and, in addition, shall indicate the basis for Reduction-in-Force as one or both of the reasons set forth in Article XVIII, Section A (5). The notice must also indicate the effective date of separation from service.

SECTION B. REQUEST FOR HEARING.

1. In the Cases of dismissal for sufficient cause or Reduction-in-Force for the reasons set forth in Article XVIII, Section A.1-4, the affected Faculty Member shall have twenty (20) days from the date of the notice of dismissal to make a written request for a hearing. If the affected Faculty Member does not request such a hearing from the President of the College within seventeen (17) days, the President will request a written determination from the Faculty member as to whether they wish to avail themselves of the right to a hearing. If the Faculty Member fails to respond within the twenty (20) days provided herein, this failure to request a hearing shall constitute acceptance of dismissal and waiver of any right to a hearing.
2. In the case of Reduction-in-Force for reasons set forth in Article XVIII, Section A.5, the affected Faculty Member shall have ten (10) days from the date of the notice of dismissal to make a written request for a hearing. If the affected Faculty Member does not request such a hearing from the President of the College within seven (7) days, the President will request a written determination from the Faculty Member as to whether they wish to avail themselves of the right to a hearing. If the faculty member fails to respond within the ten (10) days provided herein, this failure to request a hearing shall constitute acceptance of dismissal and waiver of any right to a hearing.
3. The decision of a faculty member not to request a hearing shall be communicated to the Dismissal Review Committee and Board of Trustees.

SECTION C. NOTICE OF HEARING. The President shall notify in writing the Committee and the affected Faculty Member of the time, place and nature of the hearing. The hearing may be held no fewer than ten (10) days after written notice that such hearing is scheduled.

SECTION D. COMPOSITION OF DISMISSAL REVIEW COMMITTEE. A five (5) member Dismissal Review Committee created for the express purpose of hearing dismissal cases shall be established no later than November 1 of any academic year. The members shall include one (1) Administrator chosen by the President, one (1) full-time student chosen by the Student Association in such manner as the members thereof shall determine and three (3) Tenured Faculty Members representing the Faculty who shall be selected by a majority of the Tenured and Probationary Faculty acting in a body. The Faculty members on the initial Dismissal Review Committee shall serve a one (1) year, two (2) year and three (3) year term respectively. Subsequent elections will be for three (3) year terms so that the Committee members shall have staggered terms. The student member will not be appointed until a dismissal case needs to be heard.

The Board of Trustees shall within five (5) days following the conclusion of its review, notify the charged Faculty Member in writing of its final decision and the effective date of dismissal.
