| Phone Number | 360-416-7751 | | | | | | |
| Email | timothy.wheeler@skagit.edu | | | | | | |

Project Information

Project Description:

(Include a brief summary of the project and the programs it supports.)

The programs supported by this project include, Library & Media/eLearning Services, Reference Help, Student On-line Services, Culinary Arts, Student Support Services, Math Labs, Tutoring and IT Help Desk Services.

Project Status:

(Include scope or budget changes, phase updates, identified project delivery issues, discussion of critical path for construction and any potential for project cost overruns or claims.)

Our project team has completed the design development phase of this project and the related DD level cost estimate has been performed. Skagit Valley College Leadership has verified the cost estimate completed by DW Close consulting is in line with the funding available for the project. Skagit Valley College, Director of Facilities will reach out to Darrell Jenning in January of 2024 to discuss how additional funding can be added to our C-100 to cover additional costs related to inflation and also additional costs associated with unforseen code requirements. We are starting preparation of our Construction Documents and expect the CD design phase to be completed in the spring of 2024. We will complete our design to the level of 90% CD's and also complete the SEPA review with the City of Mount Vernon, and once this phase of work is complete our design team will go on hold until construction funding is appropriated for this project.
